Management Discussion and Analysis

Management Discussion And Analysis By The Executive Chairman

This Statement contains the management discussion and analysis (“MD&A”) of the business operations and performance of CAB Cakaran Corporation Berhad (“the Company”) and its subsidiaries (“the Group” or “CAB Group”) for the financial year ended 30 September 2025 (“FY2025”).

This MD&A should be read in conjunction with the audited financial statements of the Group for FY2025 as set out in this Annual Report.

GROUP BUSINESS AND OVERVIEW

The CAB Group is one of the largest integrated poultry producers in Malaysia that undertakes the following major business operations:

- (1) breeding and farming of grand-parent stocks, to produce breeder eggs and hatching of eggs into parent-stock day-old chicks;
- (2) breeding and farming of parent-stocks to produce eggs and hatching of eggs into day-old chicks;
- (3) farming of broiler chicken as well as trading of poultry feeds and other farm consumables;
- (4) slaughtering and processing of chicken and manufacturing and marketing of meat based food products; and
- (5) Operation of retail and fast-food franchising business.

The Group's grand-parent stock farms and breeder farms are primarily located in Penang, Kedah, Perak, Negeri Sembilan, Melaka and Johor whilst the broiler farms are located throughout the Northern, Southern, and Eastern regions of Peninsular Malaysia making us the one of the largest integrated poultry farming producers in the country with such diverse locations in farm operations.

The CAB Group's downstream business includes sales of poultry products which encompass the slaughtering and processing of live broilers for sale as processed chicken or chicken parts as well as the production and trading of value-added products such as nuggets, sausages, burgers patties and deli meats. Our chicken products are packed and sold under the brand names of Likes, AyamLike's, Farm's Best, Segaria, Rasaria, Hennie's, Garing and Farm's Best Omega 3 Chicken. These downstream activities complement our livestock upstream business and form an integral part of our integrated poultry value chain.

The Group operates six (6) slaughtering and processing factories which are located in Kedah, Kuala Lumpur, Melaka, Johor, Pahang and Singapore. We have established strong distribution networks in the domestic and Singapore markets which encompass retail outlets, wholesalers, restaurants, hotels, supermarkets and hypermarkets.

The CAB Group operates medium-sized supermarkets under Pasaraya Jaya Gading Sdn. Bhd. and Home Mart Fresh & Frozen Sdn. Bhd. with the outlets located either in small towns or at the fringes of the bigger towns. The Group currently has a total of sixteen (16) outlets with six (6) in Pahang, two (2) in Kelantan, four (4) in Kedah, three (3) in Penang and one (1) in Perak. The Group's long-term strategy is to build a big network of such outlets throughout the Peninsular as one of the distribution channels for the Group's products.

Management Discussion and Analysis (Cont'd)

GROUP BUSINESS AND OVERVIEW (CONT'D)

The Group also owns and operates the Kyros Kebab fast food franchise chain in the country. Currently, there are six (6) company owned Kyros Kebab outlets operating in Malaysia. Plans are afoot to grow more Kyros Kebab outlets in the coming years after having successfully launched the rebranded outlets.

The joint venture project with the Salim Group of Indonesia, after several years of delay in implementation due to the Covid pandemic as well as awaiting for clear policy guidelines following the change in government in Indonesia, the JV partners have recently agreed to adopt a new 5-year business plan, beginning with phase 1 of the project. Phase 1 shall involve an estimated investment of USD10 million for the setting up of a food processing plant, excluding cost of land and factory building which will be leased, and is expected to be implemented in the second quarter of 2026. As per the Joint Venture Agreement dated 01 November 2017, the Company's initial equity is 10%. However, the Company has the option to increase its share percentage up to 30% in each of the Joint Venture Company within 5 years from the date of commencement of business. The 5-year business plan will cover the implementation of the fully integrated poultry business in Indonesia.

Considering that chicken is an essential food item and a cheap protein source, the Board believes that by being a large-scale broiler producer, the CAB Group can reap economies of scale in its operation as well as achieving more sustainable and consistent supply of poultry products.

Financial Highlights and Insights

During the FY2025, the Group recorded a slight increase in the total revenue to RM2.31 billion, compared with RM2.30 billion in FY2024. Although revenue remained relatively stable, the Group's gross profit increased to RM276.91 million in FY2025 from RM233.29 million in FY2024. This improvement was mainly driven by 11% reduction in feed costs. In addition, a 1.5% increase in the average selling price of broilers further enhanced the Group's gross profit.

However, the improvement in gross profit was partially offset by the absence of government subsidies which amounted to RM39.8 million in FY2024, as well as higher administrative and selling and marketing expenses. Administrative expenses increased by 3.34%, while selling and marketing expenses rose by 4.37%. As a result, the Group recorded an operating profit of RM150.02 million in FY2025, compared with RM149.91 million in the previous financial year.

Despite the marginal increase in operating profit, the Group benefited from a higher fair value gain on biological assets of RM11.33 million in FY2025, compared with RM7.89 million in FY2024. The Group also recorded stronger contributions from joint ventures, along with lower provisions for expected credit losses and reduced finance costs. As a result, the Group achieved a profit for the year of RM108.17 million, representing a 16.08% increase compared with RM93.19 million in FY2024.

GROUP FINANCIAL REVIEW (CONT'D)

Financial Highlights and Insights (Cont'd)

As of FY2025, the Group's non-current assets increased to RM902.91 million, up from RM879.80 million in FY2024. This growth was primarily driven by an increase in property, plant, and equipment, resulting from the capitalisation of land and office purchases, construction of farms, acquisition of farm equipment, and the installation of solar systems at several farms.

The Group's current assets increased to RM718.26 million in FY2025 from RM678.86 million in FY2024. Excluding improvements in short-term deposits and cash and bank balances, this growth was primarily driven by higher values of biological assets and other assets. The increase in biological assets was supported by higher volumes biological assets and an anticipated rise in the selling price of broiler chicks, resulting in a higher fair value. Additionally, a deposit of RM11.55 million for the acquisition of Cargill Feed Sdn. Bhd. contributed to the significant increase in other assets.

The Group's total liabilities stood at RM661.21 million as of FY2025, representing a net decrease of RM36.65 million from RM697.86 million in FY2024. This decline was primarily due to a RM35.87 million reduction in borrowings, following repayments of term loans and revolving credit facilities, as well as lower utilisation of bankers' acceptances.

GROUP BUSINESS OPERATIONS REVIEW

Integrated Poultry Division

Despite registering only a marginal revenue increase of 0.5%, the Integrated Poultry Division, being a core segment of the Group, continued to deliver a strong contribution to the Group's overall revenue and operating profit for the FY2025. The division's revenue rose by RM11 million to RM2,180 million in FY2025, compared with RM2,169 million in FY2024. This increase was mainly driven by higher average selling prices of broilers and day-old chicks ("DOC"), both of which recorded a 1.5% year-on-year increase.

While revenue remained relatively stable, the division's operating profit improved significantly by 14% to RM199.31 million. This improvement was largely attributable to 11% reduction in feed costs. However, the division's performance was partially offset by a decline in the selling price of processed chicken, coupled with the absence of government subsidies in FY2025. By comparison, the division had benefited from RM39.80 million in government subsidies in FY2024.

Although the division successfully maintained its production levels for DOCs and broilers and benefitted from both higher selling prices and lower feed costs, an oversupply of imported frozen chicken in Malaysia has led to the downward pressure on the selling price of processed chicken. Looking ahead, the division expects to benefit from lower cost of production in line with the general improvement in feed cost as a result of lower commodity prices.

GROUP BUSINESS OPERATIONS REVIEW (CONT'D)

Integrated Poultry Division (Cont'd)

As part of CAB Group's integrated poultry operations, the Group currently manages more than ten (10) breeder farms across Penang, Kedah, Negeri Sembilan, Melaka, and Johor, and operates over 100 broiler farms throughout the Northern, Southern, and Eastern regions of Peninsular Malaysia.

During the year under review, the integrated poultry division invested RM77.25 million in capital expenditure. The investment is focus to ensuring a sustainable supply of chicken products in order to secure our internal supply chain to meet the demand from our customers.

The Group will continue to allocate resources to both its upstream and downstream operations, including upgrading and modernising existing open-house chicken farms into closed-house systems, as well as expanding the processed food business. This aligns with the Group's key strategic initiative to progressively replace the existing open-house farms with closed-house system.

Retailing Division

During FY2025, the Retailing Division opened two (2) new outlets in Pahang and Penang. However, despite the contributions from these newly opened outlets, the division recorded a 1.03% decrease in revenue to RM147.02 million in FY2025, compared with RM148.55 million in FY2024. This decline was mainly attributable to lower revenue generated by most outlets in Pahang. The increasing number of small-scale retail operators in the vicinity of these outlets intensified competition, which adversely affected the division's overall revenue.

The heightened competitive environment also resulted in reduced profit margins for most outlets. Nevertheless, the division reported a lower operating loss for the year, supported by an insurance claim of RM0.77 million and a RM0.6 million gain from the disposal of an investment property by this division.

GROUP BUSINESS OPERATIONS REVIEW (CONT'D)

Drone Division

The Group diversified into the provision of drone-related services for the oil palm sector in FY2022. In FY2025, this division generated revenue of RM0.4 million and recorded an operating loss of RM0.79 million, primarily due to the low revenue base. The management is considering disinvesting from this business and is in discussions with the joint venture partner on the most appropriate alternative for exiting this business.

KEY BUSINESS RISK AND MITIGATION STRATEGIES

• Disease Outbreaks

Being in the livestock industry, we are always mindful of the risk associated with the outbreaks of infectious diseases such as Newcastle disease and Avian Influenza. The management has taken decisive steps over the past years to reduce the Group's exposure to such risk by:

- (a) implementing strict bio-security in all its farms and hatcheries;
- (b) decentralized its farms and hatcheries operations over a larger geographical area;
- (c) continue upgrading its existing open house farms to closed house farms in order to minimize the impact of disease transmission;
- (d) good flock health management and practice in all its farms and hatcheries; and
- (e) continuous employees training on disease control and prevention.

• Volatility of Prices of Live Broilers and Processed Chicken Meat

The major portion of the Group's revenue is derived from the sale of live broilers and processed chicken meats. The prices of these products are dependent on the overall demand and supply situation in the market which are determined by various factors. Therefore, the volatility of price of broiler in the local market will have an effect on the Group's revenue and profit. We minimize our exposure through vigilant and close monitoring of prevailing market condition and remain focused on our cost optimization strategy. To partly mitigate the price volatility, the Group enters into medium term contracts to supply dressed chicken and parts at a pre-determined fixed price to some of its major customers. Considering the volatility of the price of broilers in the local market, the Group will continue to explore for more export markets for its poultry products.

• Food Safety

Being a food producer, the Group has always placed food safety as its utmost priority in its operations. Food safety breaches pose significant risks, including reputational damage, financial losses, and potential legal liabilities. We strictly adhere to operational best practices and processes to comply with governments requirements as well as customer expectation towards the quality and safety of the Group's products. Our Group's products are certified and accredited with the following recognized national and international food safety standards:

- (a) Malaysian Good Agriculture Practices ("MyGAP") certification for its breeder and grand-parent stock farms;
- (b) Sirim QAS International Quality Management System requirements ISO 9001:2015 for Farm's Best Food Industries Sdn. Bhd. and Jimat Jaya Sdn. Bhd.;
- (c) Veterinary Health Mark ("VHM") and HALAL certification by Jabatan Kemajuan Islam Malaysia ("JAKIM") for its chilled/frozen chicken and further processed products;
- (d) Good Manufacturing Practice ("GMP") and Hazard Analysis and Critical Control Point ("HACCP") certification for the chicken processing and further processed product manufacturing facilities in Kuala Lumpur and Melaka.;
- (e) Food Safety System Certification ("FSSC") 22000 for its slaughtering facility in Kedah and further processed product factory in Kuala Lumpur; and
- (f) Certification from Singapore Food Agency ("SFA") for certain broiler farms in Johor as well as the processing and manufacturing facility in Melaka which enables the Group to export broilers, frozen dressed birds and parts, as well as further processed products to Singapore.

Management Discussion and Analysis (Cont'd)

KEY BUSINESS RISK AND MITIGATION STRATEGIES (CONT'D)

- **Regulation and Policy Risk**

The Group's production is primarily based in Malaysia and Singapore, where valid operating and veterinary licences are generally required for poultry farming activities and are subject to annual renewal. The Group constantly keeps abreast with the current political, economic and regulatory conditions to ensure that countermeasures can be implemented at a very short notice upon the awareness of any changes that can affect the Group's operations.

- **Foreign Exchange Risk**

The Group has exposure to the Singapore dollar via its subsidiaries operating there as well as United States Dollar for its imported raw materials and foreign currency loan. The Group will continue to assess the need to utilize financial instruments to hedge our forex exposure.

DIVIDEND

After considering the following factors, the Board of Directors is pleased to recommend a final single-tier dividend of 1.0 sen per share for the financial year ended 30 September 2025 for the shareholders' approval at the forthcoming 24th Annual General Meeting:

- (i) The financial results of the Group for the financial year;
- (ii) The required and expected interest expenses, tax payment, cash flow, and retained earnings;
- (iii) The Group projected levels of capital expenditure and other investments plans, if any;
- (iv) The prevailing interest rate;
- (v) The debt / equity ratio of the Group; and
- (vi) Maintaining of adequate reserves for the further growth of the Group.

Management Discussion and Analysis (Cont'd)

FORWARD LOOKING STATEMENT

The Malaysian economy grew by 5.2% in Q3 2025, supported by strong domestic demand and an ongoing investment activities. This unexpected strong growth rate helped to push the anticipated 2025 GDP growth to 4.9%. However, the IMF has estimated Global growth at 3.1% in 2026 and Malaysia growth at 4.0% citing downside risks such as potential higher tariff arising from USA trade policy, elevated uncertainty and geopolitical tensions.

Malaysia signed the Agreement on Reciprocal Trade (ART) with the United States in October 2025, which paved the way for continued access for Malaysian goods to one of its major export markets. The ART represents a significant step in strengthening the trade relationship between the two countries. Hopefully, this will provide Malaysia with some advantages in its export to USA as compared to some of its competitors. Despite the uncertainty in the world economic outlook, Malaysia is expected to register a growth rate of between 4 to 4.5% in 2026.

The poultry market in Malaysia is expected to remain resilient, supported by sustained demand for poultry products as an affordable and essential source of protein. Overall consumption is projected to remain robust, driven by population growth, urbanisation, and shifting dietary preferences towards protein-rich diets.

Nevertheless, the industry continues to face external challenges, including high production costs due to reliance on imported feed, the transition towards modern biosecure farming systems, and the impact of evolving trade and disease-control regulations.

While feed input costs were relatively stable in late 2024 and 2025, the recent implementation of the Sales and Service Tax (SST) on certain feed raw materials may result in moderate increase in feed cost. Although livestock feed remains zero-rated, several feed components, including raw soybean, canola meal, corn gluten meal, broiler premix, rice husk, and molasses, are now subject to a 5% sales tax. As the industry remains heavily dependent on imported raw materials for feed, this policy change could further elevate production costs. However, the recent weakening of the USD has helped to stabilise feed costs to some extent.

Chicken prices in Malaysia for 2026 are expected to be determined by market forces, with current analyses suggesting that prices will likely remain stable or experience slight increases, influenced by production costs and government policies. Feed costs continue to be the primary driver of poultry prices, accounting for approximately 70% of total production expenses.

In line with CAB Group's strategic objective to reinforce and grow its core business (i.e. the integrated poultry segment), the Company completed the acquisition of CAB Feed Sdn. Bhd. (formerly known as Cargill Feed Sdn. Bhd.) on 28 November 2025 ("CFSB"). CFSB is primarily involved in the manufacture and sale of animal feeds. This acquisition strengthens the Group's broad farming footprint by securing a reliable and cost-effective supply of animal feeds, thereby maintaining operational efficiency and supporting long-term growth.

In addition, the acquisition is expected to generate an additional revenue stream and provide access to CFSB's existing customer base, creating opportunities for market expansion and cross-selling. CFSB's assets and operational capabilities are also complement the Group's current operations.

Premised on the above and barring any unforeseen circumstances, the Board is optimistic about the prospects of the Group over the next financial year. The Group will continue focusing in the use of automation and new technology into its operations, where appropriate, to reduce the dependency on labour.

Sustainability Statement

CAB Cakaran Corporation Berhad (“CAB” or “the Company”) is pleased to present this Sustainability Statement (this “Statement”) that reports the efforts, progress, and performance of the management of the sustainability matters of the CAB and its group of subsidiaries (“CAB Group” or “the Group”) for the financial year ended 30 September 2025 (“FY2025”). This Statement has been reviewed by the Board of Directors (“Board”) of CAB.

Scope And Reporting Framework

This Statement covers the Group’s integrated poultry business segment, the fast-food business segment, and the retailing segment. The operations of these segments in Malaysia and Singapore are included in the scope of this reporting. These operations contributed to 99.98% of the Group’s FY2025 revenue.

The scope of this Report does not include the operations of CAB Feed Sdn Bhd (formerly known as Cargill Feed Sdn Bhd), which was acquired by the Group in November 2025 to support the Group’s expansion into feed manufacturing operations. The Group will consider including the feed manufacturing operations in its reporting scope after successful implementation of the management transition and when the data collection process is developed to facilitate reporting.

This Statement is prepared in accordance with the sustainability disclosure requirements of the Main Market Listing Requirements (“MMLR”) of Bursa Malaysia Securities Berhad (“Bursa”), and the Group has also taken into consideration the Sustainability Reporting Guide – 3rd Edition and its accompanying Toolkits published by Bursa.

The Group acknowledges the introduction of IFRS S1 – General Requirements for Disclosure of Sustainability-related Financial Information (“IFRS S1”) and IFRS S2 – Climate-related Disclosures (“IFRS S2”) as part of MMLR’s future reporting requirements. We have begun to undertake initiatives to prepare the Group to comply with these requirements when they come into effect in the future.

Assurance

This Statement has not been reviewed by the Internal Auditors of CAB Group, nor has external assurance been obtained. The Internal Auditors may review relevant sustainability processes in the future as part of the assurance activities.

This Sustainability Statement was approved by the Board on 22 December 2025.

Aligning Sustainability with CAB Group’s Vision, Mission, and Core Values

CAB Group’s sustainability strategies and approaches are guided by and are intended to support our Group’s Mission, Vision Statements, and Core Values, which are illustrated as follows:

OUR VISION

To be a respectful leader in the regional food industry with strict adherence to high quality and safety standards for food production

OUR MISSION

To manage and conduct all business dealings with integrity and innovation to supply a wide range of high quality and safe food products to our customers

OUR CORE VALUES

- To always ensure premium quality and food safety standards are adhered to
- To actively participate in activities related to raising the standards of the food industry
- To form strategic long-term partnerships with our employees, customers and suppliers
- To optimise profit through efficient utilisation of resources
- To constantly invest in new facilities and research and development in order to produce a continuous stream of quality and safe food products

The management of sustainability matters is integrated into the Group’s business management processes, and the management of sustainability risks is also incorporated into the Group’s risk management system. In prioritising the sustainability matters which are important to focus resources on, we adopt materiality assessment to determine the material sustainability matters (“MSMs”).

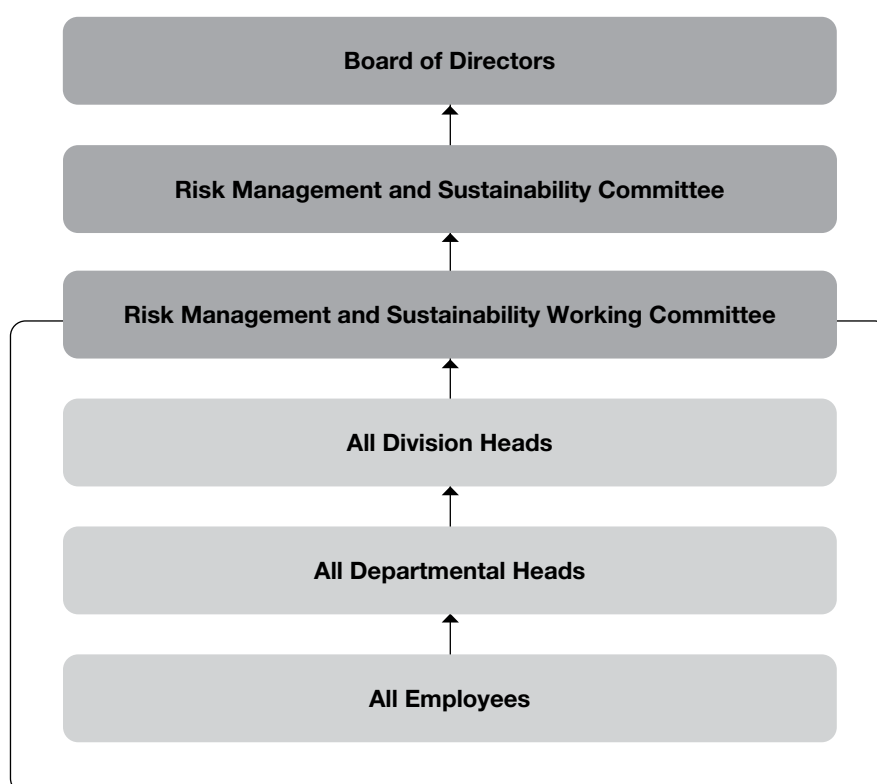

Sustainability Statement (Cont'd)

Sustainability Governance

Sustainability is incorporated in CAB Group's corporate governance structure, where the Board holds ultimate responsibility for ensuring that sustainability is considered in the Group's corporate strategies in the long term. During the financial year, the Board has also reviewed and updated the Board Charter and relevant Board Committees' Terms of Reference to reflect the emphasis on climate-related considerations in the Group's governance.

CAB Group's governance framework is established to specify the roles and responsibilities of respective personnel in relation to sustainability initiatives and performance, in addition to day-to-day sustainability management, such as compliance with environmental and social laws and regulations. The governance framework is also aligned with the promulgations of the Malaysian Code of Corporate Governance ("MCCG").

CAB Group's governance structure for sustainability is illustrated as follows:

The Board is responsible for ensuring that sustainability matters, including environmental, social, and climate-related aspects, are considered adequately and are able to support long-term value creation. The Management, led by the Group Managing Director ("GMD"), is responsible for developing strategies, proposing them for the Board's approval, and implementing relevant initiatives towards realising the Board-approved strategies.

In carrying out its oversight role, the Board is supported by the Risk Management and Sustainability Committee ("RMSC"), whose role is to oversee and monitor the effective implementation of the Group's sustainability framework and performance. The Group's key sustainability strategies, priorities, targets, and performance are also reviewed by the RMSC before they are reported to the Board.

At the management level, the GMD leads the Management, including the Risk Management and Sustainability Working Committee ("RMSWC"), to develop implementation plans and drive sustainability strategies. The RMSWC's members include key management personnel of respective functions and operations. The achievement of sustainability targets, which are developed to measure performance against sustainability priorities and key performance indicators ("KPIs"), is the responsibility of the respective key management personnel, including ensuring sustainability-related activities are carried out effectively.

Sustainability Statement (Cont'd)

Sustainability Governance (Cont'd)

The management and performance of the Group's sustainability are also an integral part of the Group's risk management system, where matters in relation to sustainability are treated as part of the key discussion topics during the quarterly management meetings.

The Board is also responsible for ensuring key sustainability strategies, priorities, targets, as well as performance, are communicated with the CAB Group's internal and external stakeholders, as appropriate. Amongst others, the Group's key communication and engagement with stakeholders include the annual publication of the Annual Report (including the Sustainability Report), the corporate website, corporate announcements via the Bursa's portal, and the annual general meeting.

Stakeholder Engagement

In ensuring our business strategies and sustainability strategies are aligned with the broad interests of our stakeholders and shareholders, the opinions and feedback of our stakeholders are important to the Group as they help to ensure the success of the sustainability journey throughout its course.

In CAB Group, we actively engage and communicate with our relevant stakeholders via various channels in order to better understand the stakeholders' concerns and needs. Through our stakeholder engagement activities, we are able to identify issues deemed important to our stakeholders and address their interests, expectations, and concerns.

Our stakeholder engagement processes and the outcomes arising from such processes also enable CAB Group to determine its MSMs to understand which sustainability matters are more significant to the Group's value creation for stakeholders.

The following table summarises our key stakeholders, engagement methods, and key focus areas during FY2025.

Materiality Assessment

The Group's management of sustainability considers the materiality of sustainability matters to the Group, which is assessed and determined via a materiality assessment process. The materiality assessment takes into consideration Management's assessment of the sustainability matters as well as the views of stakeholders.

During the assessment process, the Management also obtained the input of relevant personnel who have a clear understanding of the Group's stakeholders. The MSMs are reviewed every year to ensure the MSMs remain relevant and material to the Group.

A sustainability matter is considered material if it:

- reflects the Group's significant sustainability impacts; or
- substantively influence the assessments and decisions of key stakeholders.

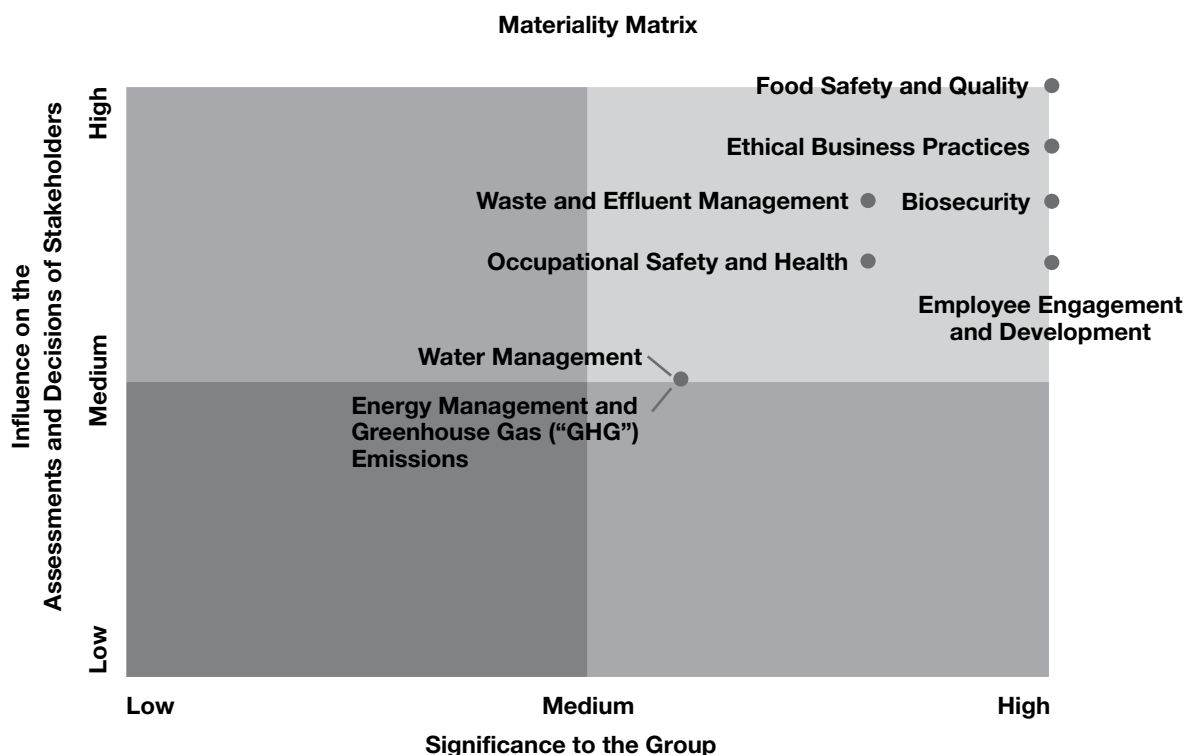

The Group performed a review of its materiality assessment in FY2025, participated in by Senior Management personnel, including the GMD, Division Heads, Heads of Department, and personnel who understand the views and concerns of the Group's key stakeholders.

The Group's materiality matrix for FY2025 remained unchanged from the previous year. The business priorities and stakeholders' expectations reflected in the materiality matrix continued to remain relevant and representative of the current business environment.

Sustainability Statement (Cont'd)

Materiality Assessment (Cont'd)

The Group's MSMs for FY2025 are illustrated in a materiality matrix, as follows.

Food Safety and Quality

Food safety and quality are paramount to CAB Group and are enshrined in the Group's Vision, Mission, and Core Values. We comply with the stringent standards for food quality and safety, in addition to compliance with laws and regulations, across our food products from farm practices to food processing to packaging.

CAB Group has a Food Safety Policy to guide our processing and manufacturing processes and practices. The Food Safety Policy is incorporated as part of our Quality Assurance Program. Ongoing improvement processes, including feedback and complaints mechanisms and recall procedures, are also in place.

The Group's operations and processes are certified and recognised with national or international guidelines or food safety standards, as applicable, as follows:

- Malaysian Good Agriculture Practices ("MyGAP") certification for its breeder and grand-parent stock farms;
- Sirim QAS International Quality Management System requirements ISO 9001:2015 for Farm's Best Food Industries Sdn. Bhd. and Jimat Jaya Sdn. Bhd.;
- Veterinary Health Mark ("VHM") and HALAL certification by Jabatan Kemajuan Islam Malaysia ("JAKIM") for its chilled/ frozen chicken and further processed products;
- Good Manufacturing Practice ("GMP") and Hazard Analysis and Critical Control Point ("HACCP") certification for the chicken processing and further processed product manufacturing facilities in Kuala Lumpur and Malacca;
- Food Safety System Certification ("FSSC") 22000 for its slaughtering facility in Kedah and further processed product factory in Kuala Lumpur; and
- Certification from the Singapore Food Agency ("SFA") for certain broiler farms in Johor and processing and manufacturing facility in Malacca, which enables the Group to export broilers, frozen dressed birds and parts, as well as further processed products to Singapore.

Sustainability Statement (Cont'd)

Food Safety and Quality (Cont'd)

CAB Group's processing and manufacturing lines have incorporated controls that ensure the preservation and maintenance of optimum food safety and quality, including metal detectors, temperature controls, and the implementation of automation technology to minimise manual handling.

In some operations, we apply bar-coding technology, which helps to enable effective storage and logistics planning and management, as well as enable our employees to trace batches, quickly react to any issues arising, identify root causes, and carry out remedial actions.

To prevent cross-contamination, we ensure proper segregation and compartmentalisation of processing areas between raw, semi-processed, and processed items. We also ensure sanitation procedures and hygiene practices are implemented and managed consistently.

In relation to antibiotic safety, the Group's broiler farms also have food safety and quality practices that observe a withdrawal period to maintain the antibiotic level in chicken meat within the regulated levels.

Food Safety and Quality Awareness and Training

To ensure our employees are equipped with the relevant knowledge to safeguard food safety and quality in our operations, regular education and training on standard operating procedures ("SOPs") are provided. The awareness training includes, but is not limited to, identifying and overseeing the issues in the processing or manufacturing processes, maintaining proper hygiene at all times, and ensuring the correct handling and storage of materials and products. In addition, we also provide our employees with training specific to their respective scopes of work to ensure they are able to perform assigned specialised tasks effectively, including managing matters associated with food safety and quality.

Training relevant to food quality and safety provided to our employees during the financial year under review is summarised as follows:

- Food Handling Training;
- Understanding, Developing & Implementation of FSSC 22000 V6;
- FSSC 22000 V6 Internal Audit Training;
- ISO 9001:2015 Lead Assessor/Auditor;
- 5S, Safety, GMP & Halal Awareness;

Quality Assurance, Quality Control, and Audits

Process and product quality at the business units are safeguarded by the relevant Quality Assurance and Quality Control Departments, which conduct regular internal reviews of the Group's operations, including compliance with food safety and quality, where applicable. Our facilities are also periodically audited by regulators and customers who apply stringent food quality and safety standards.

As part of the Group's Quality Assurance Policy and programme, we have an in-house laboratory to monitor the quality of incoming raw materials to factories as well as the quality of finished products before delivery to customers. Our qualified Quality Assurance staff are also tasked to highlight any quality and safety issues that need to be improved, as well as carry out review activities to ensure compliance with ISO audits.

We are pleased to report that there were no cases of product recall or major issues reported on food safety and quality matters throughout the year.

Ethical Business Practices

The Group commits to upholding integrity and ethics in its business and operations, which are aligned with the core principles and the Vision, Mission, and Core Values of the Group.

The Group has established a Code of Ethics and Conduct ("Code"), applicable to the Group's Directors and employees, which sets their expectation to display the highest levels of professionalism in all aspects of their work and dealings with internal and external stakeholders. The Group's Code communicates the Group's commitment to practising business ethically towards its stakeholders, including its employees, customers, suppliers, the environment, and the community. The Group's commitment is to deal fairly and ethically in the market, with its customers, suppliers, competitors, and business partners, to promote a healthy, competitive, and economically efficient marketplace.

Data Privacy and Confidentiality

The Code requires our employees to safeguard confidential information and data, including data relevant to customers and other personal data. CAB Group is committed to complying with the requirements of applicable laws related to the protection of personal data.

In June 2025, the Group reported a cyberattack on the accounting system of one of its subsidiaries, Farm's Best Food Industries Sdn. Bhd., which prevented the Group's access to the accounting system and its data. Immediate response measures were carried out to assess the impact, and the findings indicated that there was no external access to internal data and no material impact on the operational or financial performance for the subsidiary or the Group. Restoration efforts, supported by internal IT personnel and external cybersecurity consultants, successfully recovered the affected database, with data almost fully restored. In addition, enhancements to cybersecurity have also been planned and implemented on an ongoing basis.

There were no substantiated complaints concerning breaches of customer privacy and losses of customer data in FY2025.

Ethical Business Practices (Cont'd)

Anti-Bribery and Corruption

The Group has an Anti-Bribery and Corruption Policy (“ABC Policy”) that communicates the Group’s zero-tolerance approach towards bribery and corrupt practices in all its operations. The ABC Policy is applicable to all the Group’s business dealings and transactions in all the countries in which they operate and is available in three (3) languages, i.e. English, Malay, and Chinese. The ABC Policy addresses various forms of corruption and high-risk transactions such as gifts and hospitality, facilitation payments to an officer of public body, third parties and agencies, political contributions, and charitable contributions.

The ABC Policy in all three languages are available on CAB’s corporate website. We adopt a risk-based approach towards managing corruption, and corruption risk assessment and management are incorporated in the CAB Group’s annual risk management process. The corruption risk assessment covers all operations of the Group. The corruption risk assessment helps us to focus our efforts and resources on addressing areas with higher corruption risks.

|---|--------|--------|--------|
| Operations assessed for corruption-related risks (percentage) | 100% | 100% | 100% |

The ABC Policy is regularly communicated to internal and external stakeholders through various methods, including the company website, internal communications, and other appropriate means. We proactively communicate policies and procedures related to bribery and corruption to employees from time to time to raise employee awareness and ensure that the Group’s anti-corruption stance is upheld in operations. We also obtain written acknowledgement of the ABC Policy from employees, and training is provided to Directors and employees from time to time.

Whistle-blowing

A whistle-blowing channel, which is formalised via the Group’s Whistle-blowing Policy, has also been established to allow internal and external stakeholders to report genuine concerns about unethical behaviour, malpractices, illegal acts, or failure to comply with regulatory requirements, without fear of reprisal. Serious violations of the Group’s Code or ABC Policy can also be reported via the whistle-blowing channel.

The whistle-blowing mechanism provides protection with regard to the whistle-blower’s identity, safeguards against any adverse or detrimental actions taken in response to a report made in good faith and ensures that genuine whistle-blowers are not subjected to harassment or retaliation.

During the financial year under review, there were zero whistle-blowing cases reported and zero confirmed incidents of corruption. In addition, CAB Group also did not receive any cases in relation to discrimination or child labour.

Biosecurity

Biosecurity is closely tied to food safety, especially in our integrated poultry business. The management of CAB's biosecurity risks is guided by our Biosecurity Policy. Biosecurity control measures are in place in hatcheries and farms to minimise, prevent, confine, and control potential diseases and infection risks.

CAB Group's biosecurity-related controls are summarised as follows:

- CAB farms are managed in accordance with the Group's Farm Management Policy and SOPs. All hatcheries and farms had applied Flock Health Monitoring with due consideration given to excellent bird health and welfare.
- CAB's poultry farms are distanced from each other, spreading across the entire Peninsular Malaysia, to minimise and avoid the impact of cross-infection in the case of a disease outbreak. Employees and/or visitors who have been to poultry farms are forbidden from entering the Group's hatcheries within a specified period to prevent infection of day-old chicks.
- The physical movements of persons in and out of the operating premises are monitored and controlled, and persons entering the premises are required to wear disinfected apparel and gear. Entry to the farm is only allowed for those who are wearing the designated farm uniform, and who have undertaken the required shower, hand washing, and disinfectant boot-dipping procedures.
- Livestock quality control plays a crucial part throughout the entire production chain, starting from grandparent stock down to parent stock and broiler. To keep good disease prevention and control, ongoing practices of stringent biosecurity and farm isolation are undertaken. CAB is moving forward with having all its farms, especially broiler farms, certified by the Department of Veterinary Services ("DVS") as MyGAP.
- Vehicle shower and wheel-dip are required for all authorised vehicles before entering farms and hatcheries, whilst external vehicles are forbidden from entering the production and clean areas to minimise the risk of bringing disease-carrying microorganisms into farms.
- Good practices on a range of matters important to hygiene and disease control, such as rodent, insect and wild bird control, and waste management for farms and hatcheries, are adopted by the Group to monitor the internal conditions of its operations premises.
- The Group has employed qualified veterinarians who are responsible for poultry health monitoring and disease control. Ongoing monitoring of flock health is conducted across all CAB's farms, and veterinarians will visit CAB's farms regularly.
- Evaporative Tunnel Ventilated Closed House System is adopted by the Group to regulate and enhance consistency of air quality and house temperature to avoid unnecessary stress on poultry in order to deliver excellent performance and also to minimise biosecurity risks. To improve the effectiveness of the Group's effort in managing biosecurity risks, the Group is gradually adopting the conversion of all its open-house farms to closed houses.

There were no major disease outbreaks in CAB's poultry farms for the financial year under review.

Waste and Effluent Management

Waste and effluent management is a crucial topic for CAB's farms and processing plants as we strive to avoid environmental contamination from production waste and effluent. This includes responsibly managing production wastewater from processing plants, which comprises a mixture of, amongst others, blood, fat, feathers, skins, etc.

Our operations maintain systematic waste management systems in accordance with established SOPs and regularly maintained waste management facilities. The controls and processes practised include proper waste segregation and handling, such as having licensed waste contractors to manage and dispose of scheduled waste, having designated processes to manage food and organic waste, and segregation of waste which can be sold or recycled.

Sustainability Statement (Cont'd)

Waste and Effluent Management (Cont'd)

Wastewater and Treatment Systems

Generally, wastewater is treated and monitored through wastewater treatment systems, which may apply two (2) types of treatments, i.e. Biological Process and Physical Chemical Process, or a combination of both in some plants.

The purpose of the processes is to remove the contents, such as suspended solids, grease and fat, and harmful substances, which are then processed into sludge cake for disposal in accordance with environmental laws and regulations, while the treated effluent can be discharged safely into the public water system.

In order to ensure the quality of treated effluent is retained within the regulated levels, treated effluent is sampled and tested at least every week to assess and determine its acidity, biochemical oxygen demand ("BOD") level, chemical oxygen demand ("COD"), etc.

From time to time, training on the maintenance and management of the wastewater treatment system is provided to our Group's technical officers who are certified by the Department of Environment ("DOE") to ensure that they are well-trained and updated with the Group's latest processes and facilities.

The Group's overall treated effluent discharge is mainly from our chicken slaughtering plants and is summarised as follows.

| CAB Group | FY2024 | FY2025 |
|----------------------------------|--------|--------|
| Effluent discharged (megalitres) | 762 | 800 |

During the reporting year, CAB Group recorded a minor penalty issued by the Department of Environment ("DOE") related to effluent non-compliance at one of our sites. The matter was promptly addressed, and comprehensive corrective and preventive actions were implemented to prevent the recurrence of similar cases.

We are pleased to report that all other sites remained fully compliant, with no other significant penalties or fines recorded in relation to wastewater treatment during FY2025. This reflects our ongoing commitment to high environmental standards and continuous improvement.

Waste Management

We ensure that scheduled waste is managed in accordance with the applicable laws and regulations. On the other hand, non-scheduled waste generated by the Group's operations may have various other uses, and the Group donates or sells the waste where possible.

Poultry wastes, consisting of offal, feathers, manure, and eggshells, are amongst some of the more significant wastes from our slaughtering operations, which are not for human consumption. Whilst not commercially viable for us to process such wastes into other products, they contain nutritional values and may be used for other purposes such as animal feed, composting, or others.

We continue to carry out gradual conversion of all the Group's farms, of which a majority are open house system, into closed house systems, which will help to manage the problem of odour and flies relating to poultry manure. We also adopt the use of microorganism sprays on poultry manure, which helps to accelerate decomposition and reduce odour.

We have a collaborative relationship with licensed contractors where they help to manage and measure the poultry manure generated from our operations, while we provide the poultry manure to them without charge.

Water Management

Water is a significant and important input in the CAB Group's operations, including in our integrated poultry operations and food processing operations. While the majority of the water we use is sourced from the municipal water supply, we also draw underground water in some operations.

Generally, our operations are not located in water-stressed areas. Nonetheless, the Group undertakes approaches and initiatives to ensure we use water effectively and do not waste water at all our business units. Our water management practices are highlighted as follows:

- rainwater harvesting system or water retention ponds in farms to enable the collection and reuse of rainwater; and
- maximising water efficiency in accordance with the 3Rs principle: reduce, reuse, and recycle.

During the financial year under review, a total of 1,436 megalitres of water was withdrawn for our business operations.

Energy Management and Greenhouse Gas (“GHG”) Emissions

The Group undertakes energy management to optimise its use of resources and operational efficiency. Electricity is crucial, especially for farm and production operations, while diesel and petrol are used in company vehicles, for the transportation of goods, as well as in equipment used in production and operations.

Renewable Energy – Solar Power

In recent years, the Group has initiated investments in solar power generation systems (or “PV Systems”) to enhance its use of renewable energy across various operational sites. In addition to generating our own energy to supplement operational energy demand, these investments also help us reduce our reliance on fossil fuel-based purchased electricity while reducing our carbon footprint. The energy generated from the installed PV Systems is used entirely for the Group’s own operations.

During the financial year under review, the Group completed the installation of PV systems at 14 locations, bringing the total number of operating sites installed with PV systems to 16, including 9 farms and 7 production facilities, as follows:

- CAB Corporate Office in Seberang Jaya, Penang;
- Hatchery centre in Simpang Ampat, Penang;
- Slaughtering and processing factory in Malacca;
- Hatchery centre in Sungai Petani, Kedah;
- Poultry farms in Pendang, Kedah;
- Poultry Farm in Juru, Penang;
- Processing factory in Segambut, Kuala Lumpur; and
- Hatchery centre in Pontian, Johor.

The Group continues to assess the viability of installing PV systems at other operating sites to optimise the Group’s cost, energy, and emissions efficiency. As a result, the electricity purchased from TNB in FY2025 is lower compared to the previous year, as part of the Group’s electricity demand was offset by renewable energy generated from the installed solar panel systems.

Energy Consumption

During the financial year under review, CAB Group consumed approximately 131,101 MWh of energy within the business operations.

| CAB Group (MWh) | FY2024 ⁵ | FY2025 |
|--------------------------------------|---------------------|-------------------|
| Petrol and diesel | 58,474.69 | 56,738.47 |

Energy Consumption (Cont'd)

We continue to carry out regular monitoring and management of our energy use, striving to utilise energy efficiently, control expenses, and reduce our carbon footprint. These initiatives include:

- corrective actions are taken to reduce abnormal power consumption and minimise energy waste during idle production time;
- continue to oversee and monitor energy consumption via supervisory control;
- utilising and prioritising energy-efficient equipment and electrical appliances across the operations, such as installing energy-efficient chiller systems, LED lighting, condensers, and cooling tower fans;
- installation of stabilisers on air compressors, temperature control on relevant processes to reduce electrical usage whenever appropriate; and
- applying environmentally friendly designs and materials in our products.

GHG Emissions

The Group continues to report its Scope 1 and Scope 2 emissions, which are derived from the Group's direct use of fossil-based fuels and purchased electricity, respectively.

| CAB Group (tCO ₂ e) | FY2024 ⁶ | FY2025 |
|---------------------------------|---------------------|------------------|
| Scope 1 (Direct) ⁷ | 14,446.96 | 14,018.81 |
| Scope 2 (Indirect) ⁸ | 54,479.48 | 53,163.37 |
| Scope 1 and Scope 2 | 68,926.44 | 67,182.18 |

⁶ CAB Group began to collect Scope 1 and Scope 2 GHG emissions data in FY2024.

⁷ The conversion factor for petrol and diesel has been restated using the latest figure from the GHG Protocol – GHG Emissions from Transport or Mobile Sources. Reference: <https://ghgprotocol.org/calculation-tools-and-guidance>.

⁸ The conversion factor for electricity purchased in Singapore has been restated using the latest figure, which is based on Singapore's Grid Emission Factor of 0.402 kg CO₂e/kWh for FY2024. Reference: <https://www.ema.gov.sg/resources/singapore-energy-statistics/chapter2>.

Supported by the installed PV systems, which supplied clean energy to the Group's operations, our FY2025 Scope 2 emissions reduced by about 2% to 53,163.37 tCO₂e from the previous financial year. The Group avoided an estimated 3,115.22 tCO₂e of GHG emissions by utilising energy generated from its PV systems.

On the other hand, we continue to develop internal processes to gather Scope 3 GHG emissions, focusing on Category 6 – Business Travel and Category 7 – Employee Commuting.

Climate-related Financial Disclosures

The Group acknowledges that climate change may potentially affect business and the business environment. The Group also acknowledges the gradual adoption of IFRS S1 and IFRS S2 in the MMLR reporting requirements in the coming years and has begun to undertake initiatives to align its practices and processes with the IFRS S2.

During the financial year under review, the Group reviewed and updated its governance structure to reflect climate-related considerations in the responsibilities of the Board and relevant Board Committees.

The Group has also conducted a simple scenario analysis to assist in the identification of climate-related risks and opportunities. We selected 3 scenarios, including a scenario that reflects the current trajectory, a scenario with higher transition risks, and a scenario with higher physical risks, to assess the possible climate-related risks and opportunities in the different climate scenarios. Selected climate-related risks and opportunities will be further assessed to evaluate their impacts, including financial effects as applicable, as part of the Group's approach to prioritise the management of more material risks and opportunities.

Sustainability Statement (Cont'd)

Energy Management and Greenhouse Gas (“GHG”) Emissions (Cont'd)

Climate-related Financial Disclosures (Cont'd)

We will continue to develop relevant processes, conduct assessments, and implement controls to manage material climate-related risks or opportunities identified. Where relevant, the Group will also consider material climate-related risks and opportunities in its business strategies and plans in the short and long term. We will disclose climate-related financial disclosures in alignment with IFRS S2 in our future reports in compliance with the MMLR.

Employment

Workforce Diversity

CAB Group is steadfast in its commitment to fostering and maintaining a diverse and inclusive workforce, where every employee is treated fairly and equitably, without discrimination. As an equal-opportunity employer, we are dedicated to developing a workplace culture that embraces individuals with different backgrounds, genders, ages, creeds, ethnicities, and cultural affiliations and provides equal opportunities for career development and advancement.

The Group has implemented a Gender Diversity Policy for Directors and Senior Management to promote gender diversity at leadership levels. The primary focus remains on ensuring that recruitment and selection processes prioritise a strong combination of competencies, skills, extensive industry experience, knowledge, and the suitability of the candidate to the particular role being filled.

Human Rights and Labour Standards

The Group is committed to promoting equal employment opportunities and preventing discrimination in the workplace, striving to ensure that employment practices fairly reflect diversity in terms of gender, ethnicity, and age.

Moreover, CAB Group is also committed to complying with all applicable and relevant laws and regulations in the regions where we operate, particularly those related to human rights and labour standards. This includes adhering to legal requirements such as the prohibition of child and forced labour, minimum wage requirements, maximum working hours, minimum rest periods, and ensuring the health and safety of our employees.

In addition, the Group ensures that all necessary documentation and legal permits are properly obtained and maintained, particularly for foreign employees, alongside their employment contracts.

Employee Engagement and Development

The Group is committed to fostering a culture of open and transparent communication to strengthen employee engagement across all levels. Employees are encouraged to speak, discuss, and share their ideas and suggestions for business improvements, as it enables them to contribute to the company's growth while recognising their own personal potential. Additionally, managers are encouraged to engage continuously with their team members, including workers, to better understand and address the challenges and issues employees encounter in the workplace.

Training and Development

Talents and skills are essential for business success. CAB Group's priorities are focused on continuous skill development and knowledge improvement through employee training and development program aimed at supporting employees to enhance their skills and knowledge, including at a personal level. In addition to developing employees to enhance their performance and delivery of responsibilities in relation to their roles, the Group's training and development program also provides employees opportunities to advance their careers, as well as allowing the Group to identify and assess the individuals with high potential that can be considered in its succession planning.

The training provided to our employees and workers is based on training need analyses conducted during employee and worker engagement activities, such as annual performance evaluations and appraisal sessions. This approach ensures that the training is relevant and aligned with both employee's and company's goals and objectives. To enhance and upskill the knowledge, skills, and experiences of our employees, training is provided for various levels, including the executive team, management personnel, and employees.

Employee Welfare

Employees are crucial to our operations as they drive business growth and ensure the quality and safety of our products. To attract and retain talent while recognising their contributions, we provide a range of employee welfare initiatives.

The Group implements a fair and substantive employee reward system that connects rewards to individual contribution and performance, reflecting its adoption of the merit-based principle in its employment. Annual performance assessments are conducted to evaluate and assess employees and determine appropriate rewards, which may include bonuses, salary adjustments, and promotions. This employee reward system is participated in by the employee under assessment, the employee's superior, and the Group HR Department, which serves as a verifier to ensure transparency and appropriate checks and balances in the rewarding process.

Occupational Safety and Health

We are committed to providing a safe, secure, and conducive working environment for our employees and workers.

Employees working on farms may be exposed to a range of occupational safety and health risks, including but not limited to industrial accidents, occupational poisoning (such as from chemical gases, ammonia, pesticides, etc), occupational diseases (such as musculoskeletal disorders and biological hazards), whereas employees that are working in a manufacturing and processing factory is exposed to physical harms due to activities like using with sharp tools, machinery, high temperature, etc.

The Group has a Group Safety and Health Policy to govern workplace safety and health. The Safety and Health Policy reflect the Group's commitment to safety and health, and it also serves as a communication tool to internal and external stakeholders. The Safety and Health Policy is updated when necessary to ensure effectiveness and compliance with relevant laws and regulations.

Health and Safety Management Governance and Processes

The Group has a registered competent Safety and Health Officer to manage and ensure matters in relation to the Group's overall occupational safety and health are kept in check.

The Group has established Safety and Health Committees at all six of its slaughtering and processing facilities. Each committee comprises management representatives as well as employee representatives, who provide valuable input on operational challenges and day-to-day safety concerns. This structure ensures effective two-way communication, promotes active employee participation, and strengthens our overall safety governance across all sites.

Occupational safety and health are managed via a risk-based approach. Risk assessment processes, such as Hazard Identification, Risk Assessment and Risk Control ("HIRARC"), Chemical Health Risk Assessment ("CHRA"), and assessment on Noise Monitoring, are undertaken to assess workplace hazards and risks.

Controls to manage the identified risks are established and incorporated into SOPs to ensure the controls are implemented consistently. These controls or initiatives include, amongst others, the provision of suitable and adequate personal protective equipment ("PPE"), training, safe work instructions, and the use of equipment with enhanced safety features. We also perform regular checks on the equipment and machinery to ensure they are in safe working condition.

We conduct regular safety training and safety audits or reviews at the Group's farms, hatcheries, processing plants, and production sites to ensure controls are implemented and effective. In addition, these activities also aim to maintain and heighten awareness of our employees, workers, and contractors in relation to safety and health at our operations. Safety information, improvement opportunities, and non-compliance are communicated and reported via Notice Boards and regular management briefings.

It is the responsibility of all employees, suppliers, contractors, and consultants who perform their duties at our premises to comply with the safety and health work practices and guidelines. Safety campaigns are also held to remind workers and employees of safety awareness and related issues to reduce injury, safety and health hazards. We ensure that every worker and employee understands that safety is their responsibility.

Health and Safety Awareness and Training

Safety and health-related training is provided to our workers and employees to develop strong safety awareness and develop safety and health management skills across the operations. During the financial year under review, training provided to employees and workers includes, but is not limited to, the following subjects:

- International Fire Conference & Exhibition Malaysia;
- Fire Conference And Exhibition Malaysia 2024;
- Hazard Identification, Risk Assessment & Risk Control;
- Understanding Occupational Health And Safety Management Systems ISO 45001:2018;

Safety Performance

During the financial year under review, there were no major accidents reported in all our operations, and this is aligned with the Group's target of maintaining zero accidents throughout our operations.

Most of the work-related injuries recorded during the financial year were attributed to common workplace hazards such as cuts from sharp objects and slips or falls. In line with our commitment to strengthening workplace safety, several corrective and preventive actions were implemented to address these risks and prevent recurrence.

Key actions included the development and reinforcement of Safe Work Practices ("SWP"), a comprehensive review and revision of our HIRARC, and the delivery of refresher training programmes to enhance employees' safety awareness. In addition, improvements were made to work areas to eliminate potential hazards, and a joint program was conducted with the Department of Occupational Safety and Health ("DOSH") focusing on hand-injury prevention and compliance enhancement.

These collective measures reflect our ongoing commitment to cultivating a safer working environment and continuously enhancing our safety performance across all operations.

| CAB Group ¹⁶ | FY2023 | FY2024 | FY2025 |

Corporate Governance Overview Statement

Corporate Governance Overview Statement

The Board of Directors (“the Board”) of CAB Cakaran Corporation Berhad (“CAB” or “the Company”) is pleased to present the Corporate Governance (“CG”) Overview Statement to provide shareholders and investors with a summary of the CG practices of the Company for the year ended 30 September 2025 (“FY2025”) as set out in the Malaysian Code on Corporate Governance (“MCCG” or the “Code”) with reference to the following three key principles:

| PRINCIPLE A | PRINCIPLE B | PRINCIPLE C |
|--|---|--|
| BOARD LEADERSHIP AND EFFECTIVENESS | EFFECTIVE AUDIT AND RISK MANAGEMENT | INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS |
| A1 BOARD RESPONSIBILITIES A2 BOARD COMPOSITION A3 REMUNERATION | B1 AUDIT COMMITTEE B2 RISK MANAGEMENT AND INTERNAL CONTROL | C1 ENGAGEMENT WITH STAKEHOLDERS C2 CONDUCT OF GENERAL MEETINGS |

This overview statement is prepared in compliance with the Main Market Listing Requirements of Bursa Malaysia Securities Berhad (“MMLR”) and should be read in conjunction with the CG Report of the Company for FY2025, which is available on the Company’s website at <http://www.cab.com.my>.

The Board is pleased to outline below the manner in which the Company and its subsidiaries (“the Group”) has applied the three (3) principles as set out in the Code.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

A1 BOARD RESPONSIBILITIES

The Board of Directors is primarily responsible for proper and good corporate governance of the Company and as such, leadership and effectiveness of the Board are critical and crucial as a fundamental part of discharging its duties and responsibilities to protect and create value for all stakeholders and raise the Company’s overall performance.

The Board sets the strategic direction, managing the business and affairs of the Group including ensuring achieving its strategic goals and realising long-term shareholders’ values. The Board is guided by the prevailing legal and regulatory requirements such as the Companies Act, 2016, the MMLR and MCCG as well as the Company’s Constitution and Board Charter in discharging its fiduciary duties and responsibilities.

The Board assumes, amongst others, the following principal roles and responsibilities in discharging its stewardship role, fiduciary duties and leadership functions:

- (i) Promote good corporate governance culture within the Group which reinforces ethical, prudent and professional behaviour;
- (ii) Review, challenge and decide on Management’s proposals for the Group, and monitor their implementation;
- (iii) Review, approve and monitor the overall strategies and direction of the Group and to ensure that the strategic plan of the Company supports long-term value creation and business sustainability, including, environmental, social and climate considerations;
- (iv) Supervise and assess Management’s performance to determine whether the Group’s business is being properly managed;
- (v) Ensure that there is a sound and adequate framework for internal controls and risk management;
- (vi) Understand the principal risks of the Group’s business and recognise that business decisions involve the taking of appropriate risks;
- (vii) Assess and set the risk appetite within which Management should operate and ensure that there is an appropriate risk management framework to identify, analyse, evaluate, manage and monitor significant financial and non-financial risks;
- (viii) Ensure that Senior Management has the necessary skills and experience, and there are measures in place to provide for the orderly succession of Board and Senior Management;
- (ix) Ensure that the Group has in place procedures to enable effective communication with stakeholders;
- (x) Ensure the integrity of the Group’s financial and non-financial reporting;

Corporate Governance Overview Statement (Cont'd)

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

A1 BOARD RESPONSIBILITIES (CONT'D)

- (xi) Providing input and approved the annual operating budget as well as periodic review the Group's financial performance and operating results against budget and major capital commitments;
- (xii) Reviewing and approving any major corporate proposals, new business ventures or joint ventures of the Group;
- (xiii) Review the terms of office and performance of the Board Committees annually (with members of the respective Board Committees abstain from deliberation); and
- (xiv) Reviewing and monitoring systems of risk management and internal compliance and controls, codes of conduct, continuous disclosure, legal compliance and other significant corporate policies.

The Board is governed by the Board Charter which guides, regulates and delineates clearly relevant matters reserved for the Board's approval, and those which the Board may delegate to the Board Committees, the Group Managing Director and the Management.

The Board has five (5) Board Committees namely the Audit Committee, Nomination Committee, Remuneration Committee, Risk Management and Sustainability Committee and Halal Committee to assist the Board and each committee is governed by their Terms of Reference ("TOR") respectively. The TORs of the Board Committees are periodically reviewed by the Board Committees and approved by the Board on any changes/updates to ensure that they remain relevant and adequate in governing the responsibilities of the Board Committees and reflect the developments in the Listing Requirements, MCGG and other regulatory authorities. The TORs of the Board Committees are made available for reference at the Company's website at <http://www.cab.com.my>.

The Chairman of each Board Committee will report to the Board the outcome of the Board Committee meetings for the Board's consideration and approvals as well as matters which require the Board's deliberation. The extract of such reports are incorporated in the minutes of the Board meetings. The Board retains full responsibility for the direction and control of the Company and the Group.

The Board plays an active role in reviewing and monitoring the Group's overall strategic and financial plans. The Board reviews and approves on a yearly basis the proposed business plan and budget of the Group as well as the capital expenditure at the Board Meetings.

The Board reviews the performance and results of the business at individual business unit level and group level on a regular basis at its quarterly meetings by monitoring the Group's financial results against the budget and the preceding quarter's results. The Board receives updates on financial, operational, corporate, regulatory, business development and audit matters for the decisions to be made on an informed basis to effectively discharge the Board's responsibilities.

The Group Managing Director, Executive Directors and/or other relevant Board members with the assistance of senior management team will furnish comprehensive explanation on pertinent issues and recommendations by the Management to the Board. The issues are then deliberated and discussed thoroughly by the Board and the Board will give in depth consideration, guidance, ideas and feedback on the Company's strategy over short, medium and long-term, prior to decision making. In addition, the Board members are updated on the Company's activities and its operations on a regular basis.

The Board also deliberates and evaluates the feasibility of business propositions and corporate proposals as well as the principal risks that may have a significant impact on the Group's business. External advisers are invited to attend meetings to provide insights and professional views, advice and explanation on specific items on the meeting agenda, when required.

The Audit Committee assists the Board in reviewing financial reporting such as quarterly and annual financial results, major acquisitions and disposals, major investments, non-financial reporting such as disclosures and statements in the annual report before tabling the same to the Board for deliberation and approval to ensure the Group is in compliance with the relevant accounting standards and Listing Requirements.

The Management team conducted quarterly meetings with each business unit head to review, discuss, deliberate, consider and submit proposals to the Board for final decision on issues of financial performance, business plan, risk management, information technology support, corporate governance, business development, investment activities and current issues faced by the Group which require the Board's input and decision.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

A1 BOARD RESPONSIBILITIES (CONT'D)

A1.2 Company Secretaries

The Company is supported by two (2) qualified named Company Secretaries who possess the requisite qualification and are qualified to act as Company Secretaries under section 235(2) of the Companies Act, 2016. They play a supportive role by ensuring adherence to the Company's Constitution, Board's policies, procedures and compliance with the relevant regulatory requirements, codes or guidance and legislations from time to time. The Company Secretaries monitor corporate governance developments and assist the Board in applying governance practices to meet the Board's needs and stakeholders' expectations.

The Board is satisfied with the performance and support rendered by the Company Secretaries to the Board in the discharge of its function and duties.

A1.3 Access to Information and Confirmation of Minutes

The Board meets on a quarterly basis, with additional meetings convened as and when necessary. The notices of Board meetings are sent out to the Directors via email at least seven (7) days prior to the meeting. The meeting materials of the Board and Board Committees together with its detailed reports, proposition papers and other relevant information on matters requiring the consideration of the Board were circulated to all Directors via email for their perusal and consideration where possible, at least five (5) business days prior to each Board meeting, depending on the nature and complexity of the particular meeting material. This is to allow time for the Directors to review the Board papers and to facilitate full discussion at the Board meeting. In case where the subject matter or agenda item is price sensitive or otherwise confidential or in a state of flux, the particular meeting materials will be presented at the meeting. The Board papers are comprehensive and encompass both quantitative and qualitative factors so that informed decisions can be made.

All proceedings from the Board meetings are recorded and confirmed by the Chairman of the meeting. The minutes of the Board meetings are circulated to all Directors for their perusal prior to confirmation of the minutes to be carried out at the commencement of the following Board meeting. The Directors may request for clarification or raise comments before the minutes are tabled for confirmation. Upon receiving confirmation from all the members at the Board meetings, the minutes will be signed by the Chairman of the meeting as a correct record of the proceedings of the meeting. Signed copies of the minutes were kept in the minutes book maintained by the Company Secretaries.

In line with the MCCG, the Company would ensure that the relevant meeting papers are provided to the Board not less than five (5) business days before the meeting and circulate the draft minutes of meeting in a timely manner after conclusion of the Board and Board Committee meetings.

A1.4 Board Charter

The Board Charter sets out the principles governing the Board of Directors of the Company and adopts the principles of good governance and practice in accordance with applicable laws, rules and regulations in Malaysia. The Board Charter also sets out the respective roles and responsibilities of the Board, Board Committees, individual Directors, independent Directors and the Management as well as issues and decisions reserved for the Board.

The Board will periodically review the Board Charter and make any changes whenever necessary in accordance with the needs of the Company and any new regulations that may have an impact on the discharge of the Board's responsibilities. The Board Charter is published on the Company's website at <http://www.cab.com.my>. The Board Charter was last reviewed on 22 December 2025.

A1.6 Code of Ethics and Conduct

The Board has formalised a Code of Ethics and Conduct that sets out the basic principles to guide all the Directors and employees of the Company and the Group. The Code of Ethics and Conduct clearly sets out expectations for all the Directors and employees of the Group to display the highest level of professionalism and corporate governance in the conduct of work and dealings with its internal and external stakeholders including its customers, suppliers, employees, the environment and the community. This includes the Group's commitment to dealing fairly and ethically in the market, with its customers, suppliers, competitors, and business partners to promote a healthy, competitive and economically efficient marketplace.

The Group's stance on zero-tolerance towards bribery and corrupt practices is also clearly stated in the Code of Ethics and Conduct and is applicable to all the Group's business dealings and transactions in all countries in which its subsidiaries operate. The Code of Ethics and Conduct further provides for how gifts, meals, entertainment and other benefits should be assessed and governed, as well as how actual or potential conflict of interest situations should be declared, in ensuring its Directors and employees demonstrate business ethics and integrity in all the Company's business dealings. The Anti-Bribery and Corruption Policy which was adopted in 2019 also requires all employees (including full time, probationary, contract and temporary staff) ("Employees") and Directors of the Group to be committed to acting professionally and with integrity in their business dealings.

The Directors and employees of the Group are obliged, at all times, to comply with the law and Code of Ethics and Conduct and are encouraged to report suspected unlawful and unethical behaviour.

The Directors have the duty to declare immediately to the Board of their interests in any transaction to be entered into directly or indirectly with the Company or the Group. The interested Director shall abstain from all deliberations and decision making of the Board on the transaction where conflict of interests may arise. In the event where a corporate proposal is required to be approved by the shareholders, the interested Director will abstain from voting in respect of their shareholdings in the Company and will further undertake to ensure that persons connected to them will similarly abstain from voting on the resolution.

A1.6 Code of Ethics and Conduct (Cont'd)

Employees are obliged to observe the standards of ethical behaviours and the rules of conduct at the workplace as stated in the Employees' Handbook adopted by the Company.

The Board will periodically review the Code of Ethics and Conduct to ensure it remains relevant and appropriate. The details of the Code of Ethics and Conduct and the Anti-Bribery and Corruption Policy are available for reference at the Company's website at <http://www.cab.com.my>.

A1.7 Whistle-blowing Policy

The Board has put in place a Whistle-blowing Policy to provide an avenue for employees and stakeholders to report genuine concerns about unethical behaviour, malpractices and illegal acts on failure to comply with regulatory requirements without fear of reprisal. All cases shall be independently investigated and appropriate actions shall be taken where required.

The policy lays down explicitly the procedures and protection extended to the whistle-blower. The policy is published and promoted for enforcement across the Group, where the whistle-blower can report to the Group Managing Director, the Audit Committee Chairman or the Head of Group Internal Audit respectively.

The Board will periodically review the Whistle-blowing Policy to ensure it remains relevant and appropriate.

The details of the Whistle-blowing Policy are available for reference at the Company's website at <http://www.cab.com.my>.

A2 BOARD COMPOSITION

The Nomination Committee oversees and reviews the overall composition of the Board in terms of size, the required mix of skills, diversity including diversity of gender, ethnicity and age experience and other qualities and core competencies for the Directors of the Company on annual basis.

The Board of Directors of the Company currently consists of six (6) members including a woman Director; of whom two (2) are Executive, one (1) is Non-Independent Non-Executive Director and three (3) are Independent Non-Executive Directors.

The Board is headed by the Executive Chairman and the Group Managing Director. The Chairman of the Board is not a member of the Board Committees. The Board comprise at least half of Independent Directors complies with the recommendation under the Code and Paragraph 15.02 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

All Directors of the Company do not hold more than five (5) directorships under paragraph 15.06 of the Main Market Listing Requirements.

The Board practices no discrimination in terms of appointment of Directors as well as hiring employees wherein the Directors and Senior Management are recruited based on their merit, skills and experiences and not driven by age, cultural background and gender.

In searching for suitable candidates, the Board may rely on recommendations from existing Board members, Management, major shareholders or utilise external sources to identify suitable qualified candidates. The evaluation of the suitability of candidates as the new Board member or as a member of the workforce is based on the candidates' competency, skills, expertise, time commitment, knowledge, experience and other qualities in meeting the needs of the Group, regardless of gender.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

A2 BOARD COMPOSITION (CONT'D)

A2.1 Board's Skill and Professional Development

The Board composition has taken into account adequate mix of skills, independence and diversity including diversity of gender, ethnicity and age of the members who are well-equipped with relevant knowledge and/or experience for contribution towards achievement of objectives of the Company. The Board comprises members of strong background on the basis of, in addition to the mix referred to above, their character, integrity and time who bring value to Board deliberations.

As part of the assessment, all Directors had declared and confirmed that they have the character, experience, integrity, competence, and time to discharge their roles continuously and responsibilities effectively.

The Board views continual learning and training as an integral part of the Directors' development to enhance their skills and knowledge to enable them to carry out their roles effectively as Directors in discharging their responsibilities and duties. The Board shall review and evaluate each Director's performance, its own performance and the performance of its Committees at least once a year. All Board related performance appraised shall be administered and conducted by the Nomination Committee who shall then report back to the Board. Based on the result of appraisal, the Nomination Committee shall assist the Board to undertake assessment of the training needs of each Board Member and recommend the appropriate educational/training programmes to the respective Board Members to equip themselves with the relevant knowledge.

The Directors can also request specific training they deem necessary or useful to address gaps in their knowledge and to receive updates on the latest industry developments and global trends.

The key learning areas and topics for which the Directors had undergone training during FY2025 are listed below:

| Name of Directors | Date | Programmes |
|---|--------------------|---|
| Chuah Ah Bee | 26 December 2024 | Related Party Transactions and Recurrent Related Party Transactions |

A2.2 Re-election/re-appointment

The Nomination Committee also recommends the re-election/re-appointment of Directors at the annual general meeting ("AGM") to the Board for its approval pursuant to relevant Articles of the Company's Constitution.

For the financial year ended 30 September 2025, the Nomination Committee has reviewed and assessed the performance, commitment, contribution, and qualifications of the two (2) Directors who are due for retirement pursuant to the Company's Constitution and are eligible for re-election. The Directors, namely Dato' Lim Ghim Chai and Datuk Sr. Haji Zakaria Bin Hashim, have offered themselves for re-election at the forthcoming 24th AGM of the Company. Both of them have completed the required Fit and Proper declarations, confirming their continued suitability for the roles they hold and are able to act in the best interests of the Company.

The Nomination Committee is satisfied with their performance and contributions to the Board during the period under review and accordingly submits its recommendation to the Board for their re-election at the forthcoming 24th AGM of the Company.

The MCGG recommends that the tenure of an independent Director does not exceed a term limit of nine (9) years. Upon completion of the nine (9) years, an independent Director may continue to serve on the Board as a non-independent Director. If the Board intends to retain an independent Director beyond nine (9) years, the Board should provide justification and seek annual shareholders' approval through a two-tier voting process.

Presently, Dato' Lim Ghim Chai is an Independent Non-Executive Directors of the Company whose tenure has exceeded a cumulative term of nine (9) years.

The Letter of Support and Recommendation from the Group Managing Director for the retention of Dato' Lim Ghim Chai as an Independent Non-Executive Director of the Company, together with the Fit and Proper Declaration Form completed and submitted by Dato' Lim, were tabled at the Nomination Committee Meeting held on 22 December 2025.

The Nomination Committee had carefully evaluated his qualifications, experience, time commitment, existing directorships, independence and potential conflict of interest. Having satisfied that Dato' Lim Ghim Chai possesses the integrity, professionalism, and calibre necessary to exercise independent judgement in the Board's decision-making process, the Nomination Committee has recommended his re-appointment to the Board, notwithstanding his long service with the Company, as an Independent Non-Executive Director of the Company.

The Board is of the view that, despite his long tenure with the Company, Dato' Lim Ghim Chai remains unbiased, objective, and independent in expressing his views and participating in the Board's decision-making. His tenure on the Board has not in any way compromised his objectivity or independent judgement to fulfil his responsibilities as a member of the Board and its Committees.

In line with the Code, the Board has recommended that shareholders' approval be sought for the re-appointment of Dato' Lim Ghim Chai as an Independent Non-Executive Director at the forthcoming 24th AGM of the Company through a two-tier voting process.

The Nomination Committee has reviewed the current Board size and is satisfied that it is appropriate for the nature and scope of the Group's operations and facilitates effective decision-making. The Board comprises at least half Independent Directors, in compliance with the recommendations of the Code, and represents a balanced mix of members with diverse backgrounds, extensive experience, and relevant knowledge. Collectively, they bring a wide range of technical skills and expertise to the Group and have contributed significantly to performance monitoring, internal control, and corporate governance.

| Chinese | 1 (Male) | 1 (Male) | - | 1 (Male) | - |
| Foreigner | - | - | 1 (Female) | - | - |

The Group adopted and guided by Fit and Proper Policy and Gender Policy for Boardroom and Senior Management. The evaluation of the suitability of candidates as the new Board member or as a member of the workforce is strictly based on the candidates' competency, skills, character, time commitment, knowledge, expertise, professionalism, suitability and character of a person in meeting the needs of the Group, regardless of gender, ethnicity and age.

The Group is an equal opportunity employer and does not practice discrimination of any form, whether based on age, gender, race and religion, throughout the organisation when deciding candidates on the composition of the Board and Senior Management.

A2.4 Director Appointment And Induction

Nomination Committee

The Nomination Committee comprises three members, all of whom are Independent Non-Executive Directors. The composition of the Nomination Committee as of the date of this Annual Report is as follows:

| Name | Position |
|--|----------|
| Datuk Sr. Haji Zakaria Bin Hashim (Independent Non-Executive Director) | Chairman |
| Dato' Lim Ghim Chai (Independent Non-Executive Director) | Member |
| Professor Dato' Dr Mohd Fakhruddin Bin Abdul Mukti (Independent Non-Executive Director) | Member |

The Nomination Committee shall meet at least annually or as and when the need arises. The Nomination Committee held one (1) meeting during the financial year ended 30 September 2025. The details of the Terms of Reference of Nomination Committee are available at the Company's website at <http://www.cab.com.my>.

Minutes of each meeting shall be circulated to the Nomination Committee members and presented to the Board. Issues discussed and actions recommended by the Nomination Committee shall be presented and reported to the Board.

A2 BOARD COMPOSITION (CONT'D)

A2.4 Director Appointment And Induction (Cont'd)

The Board, through the Nomination Committee, guided by our Fit and Proper Policy and Gender Policy for Boardroom and Senior Management of the Company which outlines the necessary criteria and processes for evaluation of candidates for appointment of new Directors to the Board. Generally, the following factors are taken into consideration when assessing the need for new Director appointment and the suitability of candidates:

- (1) The required skills, experience, characteristics and attributes, including but not limited to character and competency level;
- (2) Current composition, diversity level, size, independence and performance of the Board and Board Committees;
- (3) Time commitment required of the Directors;
- (4) Performance evaluation of the Board, Board Committees and individual Directors;
- (5) The Group's operational context, including strategic goals and external environment; and
- (6) Relevant guidelines and legislations, as well as Board Charter and Terms of Reference.

Every candidate for new Director appointment is subjected to a self-evaluation process to assess their fitness and propriety, including a declaration of conflict of interest, time commitment and financial standing. Where necessary, background checks covering previous employments, professional references, education history, criminal records and credit checks will be conducted (with the consent of the candidate) as part of the fitness and propriety assessment.

Upon successful appointment of new Directors, induction programmes are arranged for the newly appointed Directors to familiarise themselves with all aspects of the Group's operations. The induction process includes, but is not limited to, plant visits, briefings by the senior management on each business division, special sessions relating to areas of interest, and briefings by the internal company secretary on Board procedures, various governance-related matters, as well as Directors' legal obligations and responsibilities.

Nomination and election of members of the Board shall undergo a formal and transparent selection process of identification and evaluation of the candidates concerned. The process of nomination and election referred to above may be summarised as follows:

- (1) Identification of skills and other requisite qualities required to meet the needs of Board composition;
- (2) Sourcing of candidates;
- (3) Evaluation of candidates on the basis of the criteria used in relation to mix of skills, independence and diversity including diversity of gender, ethnicity and age of the members of the Board with the required expertise and experience as well as appropriate balance of Executive and Non-Executive Directors, in particular, apply the Company's Directors Fit and Proper Policy and Gender Diversity for Boardroom and Senior Management Policy which shall form part of their selection, assessment and recruitment exercise;
- (4) Selection of suitable candidates; and
- (5) Recommendation of candidates to the Board for appointment.

A2.5 Board Evaluation

The annual assessment on the Effectiveness of the Board, Board Committees and individual Directors is conducted internally via the Nomination Committee. The assessment undertaken by the Nomination Committee is via the evaluation in writing in respect of the Board, Board Committees and individual Directors taking into consideration the criteria referred to above as set out in the assessment forms in relation thereto with reference to the Corporate Governance Guide (4th edition) issued by Bursa Malaysia Berhad.

The Nomination Committee is chaired by Datuk Sr. Haji Zakaria Bin Hashim, an independent Director of the Board. The Nomination Committee Chairman leads the annual assessment of Board of the skills and experience of each Director and the combined capabilities of the Board ("Board Skills Matrix Assessment") as well as the Board Committees.

The Company has not disclosed on a named basis the top five senior management's remuneration components in bands of RM50,000.

The Company acknowledges the need for corporate transparency in the remuneration of its key senior management's remuneration. In view of the highly competitive industry conditions in which the Company is operating, the Company is of the view that the disclosing of the remuneration of senior management would be a disadvantage to the Group and may be detrimental to the Company's business interests given the challenges faced by the Company in talent management and retention.

The Company's remuneration policy for Directors and senior management has alternatively explained how the senior management is rewarded. The policy is available at the Company's website at <http://www.cab.com.my>.

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

B1 AUDIT COMMITTEE

The Audit Committee is entrusted with the responsibilities of reviewing the integrity and reliability of the Group's interim and annual financial statements as well as ensuring that these financial statements comply with relevant accounting and regulatory requirements prior to recommending to the Board for approval.

To preserve and enhance the effectiveness of audit on the financial affairs and results of financial performance of the Group, the Board of Directors has taken appropriate action to enable proper assessment of the External Auditors in the discharge of their duties.

The Audit Committee comprises three (3) Independent Directors all of whom are Independent Non-Executive Directors. The Chairman of the Audit Committee is not the Chairman of the Board.

The Audit Committee has established policies and procedures adopted by the Company to assess of External Auditors and such assessment would be carried out annually.

B1.1 Appointment Criteria for External Auditors

Before selecting the External Auditors for the Group and deciding their fees, the Audit Committee shall assess the suitability and independence of the External Auditors based on the following factors:

- i. Quality of service including level of knowledge, capabilities, experience and quality of previous work;
- ii. Communication and interaction such as ability to provide constructive observations, implications and recommendations in areas which require improvements;
- iii. Independence, objectivity, professionalism and calibre of external auditors;
- iv. Audit scope and fees as well as the provision of non-audit services does not impede the independence of external auditor;
- v. Ability to perform the audit work within the agreed timeframe;
- vi. The inputs and opinions from the Company's personnel who had constantly dealt with the external audit team throughout the year would be used as one of the tools in the judgement of the suitability of the external auditors; and
- vii. Requires a former key audit partner to observe a cooling-off period of at least three (3) years before being appointed as a member of the Audit Committee.

For the FY2025, the External Auditors has provided its written assurance to the Audit Committee that they are, and have been, independent through the conduct of the audit engagement in accordance with By-Laws of the Malaysian Institute of Accountants.

The External Auditors of the Company attended three (3) meetings with the Audit Committee for the FY2025 to discuss their audit plan and audit findings on the Company's yearly financial statements. During the meetings, the Audit Committee Members also had private sessions with the external auditors without the presence of the management to enable exchange of views on issues requiring attention.

The Audit Committee and the Board are satisfied with the performance, competence and independence of the external auditors, Grant Thornton Malaysia PLT, after considered the above appointment criteria for external auditors and the Board has recommended their re-appointment for shareholders' approval at the forthcoming annual general meeting of the Company.

Pursuant to the MCGG, the Audit Committee members should collectively possess a wide range of necessary skills to discharge its duties and that all members should also be financially literate and are able to understand matters under the purview of the Audit Committee including the financial reporting process.

The Board regards the members of the Audit Committee collectively possess the accounting and related financial management expertise and experience required for the Audit Committee to discharge its responsibilities and assist the Board in its oversight over the financial reporting process. All members of the Audit Committee have also undertaken and will continue to undertake continuous professional development to keep themselves abreast of relevant developments in accounting and auditing standards, practices, and rules as and when required.

Corporate Governance Overview Statement (Cont'd)

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT (CONT'D)

B1 AUDIT COMMITTEE (CONT'D)

B1.1 Appointment Criteria for External Auditors (Cont'd)

The Group Finance Director briefs the Audit Committee members on the quarterly financial statements, budgets, and any other financial related matters. At intervals during the debriefing, questions are raised on the financial statements by members of the Audit Committee.

The Board, through the Nomination Committee, assesses the composition and performance of the Audit Committee through an annual Board Committee effectiveness assessment on 22 December 2025. Based on the assessment, the Board was satisfied that the Audit Committee and its members discharged their functions, duties and responsibilities in accordance with the Audit Committee's Terms of Reference.

B1.2 Appointment for Non-Audit Work

Independence of External Auditors can be impaired by provision of non-audit services to the Group. Therefore, in order to ensure the objectivity of auditing of the External Auditors, the circumstances in which the Group may use the External Auditors for non-audit services shall be evaluated by the Audit Committee before recommending any non-audit service engagements to the Board for approval.

Principally, the Group shall not engage External Auditors for provision of non-audit services that might be perceived to be materially in conflict with their role or potentially could influence their audit objective and independence.

During the FY2025, the non-audit fees paid were in respect of tax related services and review of Statement on Risk Management and Internal Control.

In considering the nature and scope of non-audit fees, the Audit Committee was satisfied that they were not likely to create any conflict or impair the independence and objectivity of the External Auditors.

B2 RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

The Company is concerned over the risk which the Group may be exposed in its operations and has therefore formulated a risk management policy for implementation across the Group. The primary responsibility of the Board in risk management is to assess and set the risk appetite within which Management should operate and ensure that there is an appropriate risk management framework to identify, analyse, evaluate, manage and monitor significant financial and non-financial risks.

Risk appetite is defined as the amount of risk that the Group is willing to accept in pursuit of its value creation process. When determining the risk appetite of the Group, the Board would consider its business priority and timing as well as the financial position and resources of the Group.

The Risk Management Committee was established on 29 November 2016 and was renamed to Risk Management and Sustainability Committee ("RMSC") on 29 November 2018. As of the date of this Annual Report, the RMSC shall comprise majority of Independent Directors as follows:

| Name | Position |
|--|----------|
| Chuah Hoon Phong (Group Managing Director) | Chairman |
| Dato' Lim Ghim Chai (Independent Non-Executive Director) | Member |
| Datuk Sr. Haji Zakaria Bin Hashim (Independent Non-Executive Director) | Member |

The RMSC is chaired by the Group Managing Director, assisted by Independent Directors, key senior management team and the Risk Management and Sustainability Working Committee of the respective business divisions.

Corporate Governance Overview Statement (Cont'd)

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT (CONT'D)

B2 RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK (CONT'D)

The responsibilities and purposes of the RMSC are:

- (i) assist the Board in fulfilling its responsibility with respect to evaluating, reviewing and monitoring the Group's risk management framework and activities on on-going basis. The RMSC reports to the Board regarding the Group's risk exposures, including review risk assessment model used to monitor the risk exposures and Management's view on the acceptable and appropriate level of risks faced by the Group's business units; and
- (ii) establishment and overseeing the implementation of the sustainability framework, review of the adequacy of the sustainability processes, ensuring effectiveness in identification, management and reporting of the Material Sustainability Matters pertaining to the Economic, Environmental and Social aspects of the Group, including the sustainability-related risk, opportunity and climate-related issues as well as for monitoring and overseeing all sustainable strategies and initiatives of the Group. This includes a review of the delivery of the responsibilities of the Risk Management and Sustainability Working Committee and making the necessary recommendations to the Board for its deliberation.

The process of the risk management and internal control are ongoing, which are undertaken by each business unit heads within the Group. The Company will continuously enhance the existing system of risk management and internal control by taking into consideration the changing business environment. Significant issues and risks identified are also discussed during quarterly management meeting which are attended by Executive Directors and key senior management personnel.

The RMSC is supported by the Group's internal audit department who will provide an assessment on:

- (1) the adequacy and effectiveness of the internal control systems operating within the Group; and
- (2) to review the Sustainability Statement for FY2025.

The key features of the Risk Management Framework are presented in the Statement on Risk Management and Internal Control of the Company as set out on pages 66 to 69 of this Annual Report.

The Board receives assurance from the Group Managing Director and the Group Finance Director that the Group's risk management and internal control system are working effectively and all key risks are being managed to an acceptable level based on the existing risk management and internal control system of the Group.

B2.1 Anti-Bribery And Corruption

Our CAB Core Values drive our behaviour, culture and conduct within the Group. We have a zero-tolerance approach towards misconduct of any kind corrupt practices and will take disciplinary action, up to and including dismissal, in the event of a breach of any provision in our Anti-Bribery and Corruption Policy (the "Policy"). This Policy was last updated in 28 December 2023.

B2.2 Internal Audit Function

The Board has established an internal audit function for the Group which critically reviews the adequacy of the operational controls and procedures so as to provide reasonable assurance that such system continues to operate satisfactorily and effectively within the Group. Comprehensive audits of the practices, procedures and internal controls of all business units and subsidiaries are undertaken on a regular basis.

The internal audit department of the Company which is led by the Head of Internal Audit reports directly to the Audit Committee.

The Head of Internal Audit Department presents audit reports, which detail the audit issues, Internal Audit's recommendations and Management's responses, to the Audit Committee during quarterly meetings. Apart from the audit report, the Head of Internal Audit Department also brings up outstanding issues stemmed from follow-up verification, if any, into the knowledge of the Audit Committee for further monitoring.

The results of the internal audit reviews and the recommendations are deliberated during the Audit Committee meetings. The Audit Committee Chairman briefs the Board on issues raised and highlights events requiring the Board's attention, if any.

The Statement on Risk Management and Internal Control furnished on pages 66 to 69 of the Annual Report provides an overview on the state of internal controls within the Group, in an effort to manage risk.

The summary of activities of the internal audit function during the financial year are set out in the Audit Committee Report.

PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

C1 ENGAGEMENT WITH STAKEHOLDERS

The Board is committed to provide effective, transparent and regular communication with its shareholders and other stakeholders regarding the business, operations and financial performance of the Group to enable them to make informed decisions.

The policy of the Company is to maintain an active dialogue with its shareholders with the intention of giving its shareholders as clear and complete information of the Company's financial performance, major developments and position as possible. Such information is communicated through the Annual Report, the various disclosures and announcements to Bursa Securities, including quarterly and annual results. All timely disclosure and material information documents will be posted on the Company's website after released to Bursa.

The full version of the Annual Report is available online at the Company's website at www.cab.com.my and a printed full version will be provided to shareholders within four (4) market days upon receiving any formal request.

In addition to shareholders' participation at general meetings, the Board also encourages other channel of communication with shareholders. For this purpose, shareholders and other stakeholders may convey their concerns relating to the Company to the Group Finance Director, Ms Koay Lay Ean to whom any query and concern regarding the Group may be conveyed at the email at cab@cab.com.my.

The Company maintains a website, <http://www.cab.com.my> that allows the shareholders, investors and members of the public to gain access to information and new events relating to the Group.

C2 CONDUCT OF GENERAL MEETINGS

The Board regards the Annual General Meetings ("AGM") as an important avenue for the communication and dialogue with its shareholders. The Board supports and encourages active shareholders' participation at its AGMs and any other general meetings.

At the AGM, shareholders are given time to ask questions and seek clarifications about the resolutions to be proposed or the Group's operation in general for more information. The Board members, senior management and the external auditors are present at the AGM to respond to shareholders' queries.

The Company will also ensure that the notice for AGM will be given to its shareholders at least twenty-eight (28) days prior to the meeting.

All resolutions set out in the notice of general meetings will be carried out by poll voting. The Board makes an announcement of the detailed results showing the number of votes cast for and against each resolution at general meetings for shareholders' information.

The Minutes of the 23rd AGM were published on the Company's website at <http://www.cab.com.my> within 30 days after AGM.

The above summary sets out how the three Principles pursuant to Practice Note 9 Part 1 Paragraph 3.1A of Main Market Listing Requirements of Bursa Malaysia Securities Berhad are adhered to via adoption of the relevant Board Policies and implementation of appropriate measures.

The CG Overview Statement was approved by the Board of Directors of the Company on 22 December 2025.

Statement on Risk Management and Internal Control

Introduction

The Malaysian Code on Corporate Governance 2021 (“MCCG”) requires public listed companies to maintain a sound risk management and system of internal controls to safeguard shareholders’ investment and the Group’s assets.

With reference to the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers, the Board is pleased to present the Statement on Risk Management and Internal Control, which is prepared in accordance with Paragraph 15.26(b) of the Main Market Listing Requirements of Bursa Securities and Practice 10.2 of MCCG.

Board Responsibility

The Board is primarily responsible for the Group’s risk management and internal control system as well as reviewing its adequacy, effectiveness and integrity. In view of the inherent limitations in any system of internal control, the system is designed to manage rather than to eliminate the risk of failure to achieve corporate objectives. Accordingly it can only provide reasonable but not absolute assurance against material misstatement, loss and fraud. The system of internal control covers, inter-alia, financial, budgetary, risk management, organisational, operational, regulatory and compliance matters.

Enterprise Risk Management (“ERM”) Framework

The Board and the Management of the Group continue to strengthen the Group’s control environment and processes by taking into consideration the key risks in their review of strategic and business plans of the Group. The Board has established the mechanisms for the identification, evaluation and management of significant risks applicable to their respective areas of business together with the design and implementation of suitable internal controls, including the process of enhancing the risk management and internal control system as and when there are changes to the business environment or regulatory guidelines. These risks may be associated with a variety of internal or external factors including disease outbreaks, disruption in operations, competition, natural catastrophe and regulatory requirements.

The ERM framework has been in place to ensure proper management of the risks that may impede the achievement of the Group’s goals and objectives. The Group has an ongoing process for identifying, evaluating and managing the principal risks.

Risk Management & Sustainability Committee (“RMSC”)

The Board has constituted the RMSC with the authorities necessary to perform duties as outlined in separate Terms of Reference. The RMSC is responsible to the Board for:

- (a) Overseeing the establishment and implementation of the risk management framework; and
- (b) Reviewing the effectiveness in identifying, evaluating and managing risks and internal control processes as well as sustainability matters.

RMSC membership composition as of the date of this Annual Report was as follows:

| Name | Position |
|--|----------|
| Chuah Hoon Phong (Group Managing Director) | Chairman |
| Dato’ Lim Ghim Chai (Independent Non-Executive Director) | Member |
| Datuk Sr. Haji Zakaria Bin Hashim (Independent Non-Executive Director) | Member |

The RMSC reports to the Board regarding risk register updates and assessment on effectiveness of risk-mitigating actions.

Risk Identification, Evaluation and Management

The Group has in place the Risk Management and Sustainability Policy which lays down the responsibilities of the Board, the RMSC, the Risk Management & Sustainability Working Committee and others in relation to risk management.

Statement on Risk Management and Internal Control (Cont'd)

Enterprise Risk Management ("ERM") Framework (Cont'd)

Risk Identification, Evaluation and Management (Cont'd)

Fundamentally, the risk management process consists of the following elements:

| | | |
|---------------------------|---|--|
| Identify | : | Identify risk from internal/external sources, which may affect achievement of the Group's objectives, on on-going basis |
| Assess | : | Risks are assessed on both inherent and residual basis considering its likelihood of occurrence and impact |
| Plan | : | Mitigating action plan is availed for dealing on certain risks, to minimise/eliminate its foreseeable impact |
| Implement | : | Mitigating action plan is realised into actions |
| Monitor and review | : | Monitor the realisation progress of mitigating action plan and review its effectiveness in minimising/eliminating threat |
| Communicate | : | Make the RMSC aware of the outcome |

In the framework, root cause for each risk is identified for ascertaining consequence. Risk can be resulted from internal or external sources and by nature, either controllable or inherent. Each risk is graded. The business unit heads and/or risk owners are responsible for generating action plan to manage, minimize and mitigate the risks. Existing controls are also included as part of the action plan. The Management's perceived strength of the internal control is obtained. The department or person in-charge to realise the action plan is prescribed, for reinforcing accountability.

All the above-mentioned are recorded and updated in the Risk Register which serves:

- To develop risk profile for each company; and
- To ensure a well-structured and systematic process in place for identification, assessment and management of risks.

All executive directors make frequent visits to business units to assess operations and address key business issues inclusive of risk-mitigating actions. In the event of any emergency business issue that involves/provokes risk, the business unit head shall notify the Group Managing Director immediately, for resolving.

The key risk areas that the Board and Management continually address consist of:

Disease Challenge and Bio-Security

Outbreak of avian influenza in the poultry industry causes devastating economic effects, arising from the need to extensively cull infected chicks. The Group puts in place programs to vaccinate chicks, as prescribed by the qualified veterinarians. When any particular farm has high mortality rate, proper post-mortem is performed to identify root causes. Last but not least, stringent bio-security measures are in force on several aspects such as restricted entry into breeder farms, compulsory shower and sanitization pre-entry into breeding area, washing of boots and tyres pre-vehicle entry into farms etc.

Anti-Bribery and Corruption

Corruption can lead to financial loss, damage to employee morale and corporate reputation as well as resources being diverted away from delivering core business. The Group has established and maintained policies and procedures on anti-corruption, as guided by the Guidelines on Adequate Procedures issued pursuant to the Malaysian Anti-Corruption Commission Act 2009 provisions. The policies and procedures are reviewed periodically, at least once every three years. Corruption risk is also included in annual risk assessment of the Group.

Halal Accreditation

In cognizance of Halal accreditation importance, the Group has in place the Halal Committee, which is directly overseen by the Halal Committee Chairman, Tuan Haji Ahmad Fazil Bin Haji Hashim, who was formerly a Senior Independent Non-Executive Director of CAB Cakaran Corporation Bhd. The Group deploys qualified Halal Executives at key business units, to oversee and monitor Halal compliance matters. The Halal Committee reports to the Board during quarterly meetings activities, events and issues concerning Halal accreditation and compliance.

Statement on Risk Management and Internal Control (Cont'd)

The key risk areas that the Board and Management continually address consist of: (Cont'd)

Corporate Exercise

The Board recognises the importance of thorough assessment in investment activities, that due diligence test and/or feasibility study, whichever relevant, should be engaged in due course, to enhance success rate. During the financial year ended 30 September 2025, the Group engaged Ernst & Young PLT to conduct –

- a. Financial due diligence; and
- b. Tax due diligence, for CAB Cakaran Sdn. Bhd.'s proposed acquisition of the entire stake in Cargill Feed Sdn. Bhd., which in turn holds a 51% equity in Desa Cargill Sdn. Bhd., from Cargill Holdings (Malaysia) Sdn. Bhd..

The Management took a serious stance in scrutinising, analysing, generating counteracting strategies on the points raised by Ernst & Young PLT review teams.

Internal Control System

The key elements that have been put in place to ensure the adequacy and effectiveness of the internal control system include the following:

- (i) Formal organisational structure is in place to define the function, reporting line and responsibility of the Management staff. This organisation structure serves to facilitate quick response to changes in the evolving business environment, supervision of day-to-day business operations and accountability for operation performance;
- (ii) Standard operating procedure manuals lay down explicitly the process controls and practices, aimed at enforcing guided workflow and sustaining quality of work processes;
- (iii) Financial authorisation matrix on capital expenditure, asset disposal and write-off, as well as jurisdiction of Corporate Office and business units in handling various types of agreement are spelt out, for enforcement across the whole Group;
- (iv) In relation to the governance of staff conduct,
 - *Code of Conduct and Ethics* as well as employee handbook are availed to employees, for understanding of employment terms and conditions, entitlements, discipline, code of ethics and job grading system;
 - *Whistleblowing Policy* is in force to provide an avenue for staff or any external party to report any breach or suspected breach of any law or regulation in a safe and confidential manner;
 - *Conflict of Interest Policy* is in force to help the Group effectively identify, disclose and manage any actual, potential or perceived conflict of interest in order to protect the integrity of the Group and its staffs and manage risk;
 - *Anti-Bribery and Corruption Policy* has been established and enforced across the board, among all business units within the Group, to reinforce ethical values, in particular, zero tolerance stance against bribery, as well as to comply with the Malaysian Anti-Corruption Commission ("MACC") Act 2009 provisions; and
 - Segregation of duties is practiced, whereby check and balance mechanism exists to curb manipulation of certain workflows by particular staff, to the detriment of the Group's interests.
- (v) Annual budget is prepared to determine allocation of resources and set performance benchmark at projected revenue level. Respective business unit heads are required to explain on negative variances in financial results, if any, during quarterly management meeting;
- (vi) Management meeting is conducted on quarterly basis for all business unit heads to present business performance results and highlight significant matters;
- (vii) Regular supervisory checks are performed to ensure strict adherence to operations, administration and accounting procedures;
- (viii) External consultants' services are engaged and/or the GIAD is assigned, for the conduct of feasibility study or due diligence review, whichever relevant, for new investment venture and corporate acquisition; and
- (ix) All business units strive to observe and comply with health, safety, environmental and quality standards set forth by the Group as well as the accreditation and regulatory bodies.

Statement on Risk Management and Internal Control (Cont'd)

Internal Control System (Cont'd)

Group Internal Audit Department ("GIAD")

GIAD forms an integral part of the Group's internal control system, whereby the GIAD is entrusted to conduct periodic audits on internal control matters to ensure their compliance with the systems and standard operating procedures, as well as to highlight the risks that respective subsidiaries encounter, within each subsidiary's operations and business environment. The main objective of these audits is to provide reasonable assurance that these operations operate satisfactorily and effectively. Investigations are also made at the request of the Audit Committee and senior management on specific areas of concern. These investigations provide additional assurance and comfort on the integrity and robustness of the internal control systems.

The Board regularly reviews the adequacy and integrity of the system of internal controls and risk management, inter alia, as signaled in audit issues presented by the GIAD. Whilst, the Audit Committee reviews the scope, functions, resources and competency of the internal audit function on yearly basis. Whenever needed, the GIAD helps to review the content of Standard Operating Procedures and advise accordingly, in attempt to exert comprehensive controls and minimise loophole risk in process flows.

Internal Audit Function

The GIAD assists the Audit Committee and the Board in providing independent assessment on the adequacy, efficiency as well as effectiveness of the Group's internal control system. The Head of the GIAD presents audit reports, which detail the audit issues, Internal Audit's recommendations and Management's responses, to the Audit Committee during quarterly meetings. Apart from the audit report, the Head of the GIAD also brings up outstanding issues stemmed from follow-up verification, if any, into the knowledge of the Audit Committee for further monitoring.

The results of the internal audit reviews and the recommendations are deliberated during the Audit Committee meetings. The Audit Committee Chairman briefs the Board on issues raised and highlights events requiring the Board's attention, if any.

Based on the internal audit reviews conducted, none of the weaknesses noted have resulted in material losses or uncertainties that would require separate disclosure in this Annual Report.

Pursuant to *Bursa Malaysia Guidance on Conflict of Interest (ICN 1/2023)* with issuance date: 26 May 2023, the GIAD has been furnishing the conflict of interest status of directors and key senior management staff to the Audit Committee, since the quarterly meeting of May 2024. In this respect, the GIAD assumes a role in framework design, data collection, assessment, discussion with the Group Managing Director to resolve actions on cases of actual and potential conflict of interests involving directors and key senior management staff.

Conclusion

The Board has received assurance from the Group Managing Director and the Group Finance Director that the Group's risk management and internal control system is operating adequately and effectively in material aspects based on the existing risk management and internal control system of the Group. The Board is of the view that the Group's system of internal control is adequate to safeguard shareholders' investments and the Group's assets. This Statement on Risk Management and Internal Control does not cover associates and jointly controlled business units where the internal control systems of these business units are managed by the respective management teams.

The review process has been in place for the year under review and up to the date of approval of this statement for inclusion in the annual report.

Review Of The Statement By External Auditors

Pursuant to paragraph 15.23 of Bursa Malaysia Securities Berhad Main Market Listing Requirements, the external auditors have reviewed this statement for inclusion in the Annual Report for the financial year ended 30 September 2025 and reported to the Board that nothing has come to their attention that caused them to believe that this statement was inconsistent with their understanding of the process, adequacy and integrity of the risk management and internal control system. The external auditors' limited assurance review was performed in accordance with the Audit and Assurance Practice Guide ("AAPG") 3, issued by the Malaysian Institute of Accountants ("MIA").

This Statement was approved by the Board on 22 December 2025.

The AC meeting minutes were prepared and tabled for confirmation and follow-up at the following meeting. The minutes were also circulated to the Board for notation. The AC Chairman reported to the Board the matters discussed and made recommendations for the Board's consideration and resolution.

Through an annual evaluation, the Board was satisfied that the AC has discharged its functions, duties and responsibilities.

Audit Committee Report (Cont'd)

SUMMARY OF WORK OF THE AUDIT COMMITTEE

During the financial year under review, the AC carried out the following activities in the discharge of its functions and duties:

A. Financial Reporting

The AC reviewed the quarterly financial results during the quarterly AC meetings. During the review process, the AC members raised questions related to significant changes, budgetary variances, adoption of accounting principles and standards and so forth. The Group Finance Director responded with explanation and answers.

Upon being satisfied that the financial statements have been prepared in due course, the AC recommended to the Board for approval and subsequent release to Bursa Malaysia Securities Berhad ("Bursa Securities") accordingly.

During the quarterly meetings, the AC also received the update on the statistics of subsidiaries encountering negative shareholders' funds, for the AC to understand the business scenarios and actions already in place or to be instituted, as part of going concern assessment.

Apart from the review on quarterly financial results, the AC held a meeting in December 2024 to review the audited financial statements and the Management Letter issued by the external auditors. The AC also sought a confirmation from the external auditors that all the business units across the Group had rendered satisfactory cooperation during the auditing process.

B. Internal Audit

The AC reviewed and endorsed the annual internal audit plan of the internal audit function to ensure adequate scope and comprehensive coverage of the activities of the Group.

During the financial year under review, the AC reviewed the internal audit reports, recommendations made by the Group Internal Audit Department and Management's response to the audit issues, during quarterly meetings. The AC also noted the follow-up progress status for the resolved corrective actions on outstanding audit issues, to ensure that control weaknesses and non-compliances have been addressed and rectified.

In November 2024, the AC carried out a thorough yearly assessment on the adequacy of the scope, functions, resources and competency of the internal audit function, using the internal Quality Assessment Review form and Appendix of Code of Corporate Governance of Bursa Securities.

In every quarterly AC meeting, except for the one in December 2024, the Group Internal Audit Department furnished the AC updates on conflict of interest status among the directors and key senior management, in compliance to the stipulations laid down in *Bursa Malaysia Guidance on Conflict of Interest (ICN 1/2023)* with issuance date: 26 May 2023.

The Executive Director(s) and the Group Finance Director were invited to attend the quarterly AC meetings, to give opinion and clarification on issues raised in internal audit reports, if relevant and when necessary.

C. External Audit

The AC reviewed the extent of assistance and cooperation during the conduct of external auditing and issues as well as reservations arising from audit for the financial year ended 30 September 2024 with the external auditors.

The AC obtained a confirmation from the external auditors that they were in compliance with the independence requirements set out in the By-Laws (On Professional Ethics, Conduct and Practice) for Professional Accountants of Malaysian Institute of Accountants. In addition, to fulfill disclosure requirements, the external auditors furnished information on their fees derived from the audit and non-audit services and their network firms.

In December 2024, the AC deliberated on the final report presented by the external auditors in regard to the matters arising from the statutory audit of the Company and its subsidiaries for the financial year ended 30 September 2024.

Audit Committee Report (Cont'd)

SUMMARY OF WORK OF THE AUDIT COMMITTEE (CONT'D)

C. External Audit (Cont'd)

During the course of external audit of the Group's financial statements for the year ended 30 September 2024, the external auditors stated that –

- There was no variance between results disclosed in the quarterly announcement and the audited report on the Group's revenue, profit before tax and profit after tax;
- Based on the audit work performed, Grant Thornton Malaysia PLT was not aware of any non-compliance of laws and regulations. Based on the discussion held with the AC in November 2024, the AC members have confirmed that there were no significant fraud-related matters that have come to their attention;
- The audited financial statement was a clean report as there was no audit qualification to the audited financial statement and the Group had complied with all the relevant accounting standards; and
- Grant Thornton Malaysia PLT highlighted a key audit matter concerning biological assets valuation, for the significant judgement and estimates involved in applying the valuation method on the livestock. Grant Thornton Malaysia PLT has assessed the adequacy and appropriateness of the disclosures related to the valuation methodology and estimation made in financial statement.

In the regard to the external auditors' review on the Statement on Risk Management and Internal Control, for inclusion in Annual Report 2024, Grant Thornton Malaysia PLT stated that nothing has come to their attention that caused them to believe that the above statement was not prepared, in all material respects, in accordance with the disclosure requirements prescribed in *Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers*, nor was factually inaccurate.

On 29 August 2024, the external auditors, Grant Thornton Malaysia PLT briefed the AC on their audit plan for the financial year ended 30 September 2025, encompassing:

- Audit objective and scope;
- Audit process;
- Audit approach;
- Important enquiries to the members of Audit Committee;
- Identified risks and planned audit procedures;
- Other audit approach on Group Reporting and review of information technology general controls relevant to the audit;
- Key audit matters;
- Other matters on pronouncements of Malaysian Financial Reporting Standards, Malaysian Code on Corporate Governance as well as Environment, Social and Governance ("ESG") for Sustainability Reporting;
- Proposed audit timeline and reporting schedule; and
- Proposed audit fees.

The AC had three (3) private sessions with the external auditors in the absence of Management staffs and executive Board members in November 2024, December 2024 and August 2025. There was no area of concern raised by the external auditors, for which escalation to the Board was necessitated.

D. Related Party Transactions

The AC reviewed and noted all the Related Party Transactions ("RPT") including the Recurrent Related Party Transactions ("RRPT") that took place among the related parties, as presented by the Management and the Group Internal Audit Department, during the quarterly AC meetings.

The Group Internal Audit Department has performed check against shareholders' mandate, agreements etc. and arm's length test to ensure that the transactions were in the best interest of the Group, fair and reasonable, on normal commercial terms that were not more favourable to the related parties than those generally available to the public.

SUMMARY OF WORK OF THE AUDIT COMMITTEE (CONT'D)

E. Corporate Governance and Other Matters

The AC evaluated the internal audit function, from the following perspectives:

- Academic background of the internal auditors;
- Fulfillment of the scope and functions, as required in the Listing Requirements;
- Frequency of the Internal Audit's reviews to test the effectiveness of the financial, operational and compliance controls and processes of business units;
- Sufficiency of resources and competency of the internal auditors in the discharge of audit assignment;
- Implementation of Quality Assessment Review of the internal audit function; and
- Collaboration between the internal auditors and the external auditors during the evaluation of internal controls.

The AC reviewed the Circular to Shareholders in relation to –

- Proposed renewal of existing shareholders' mandate for recurrent related party transactions; and
- Proposed new shareholders' mandate for additional recurrent related party transactions.

The AC reviewed the AC Report and Statement on Risk Management and Internal Control prior to submission of the same to the Board for consideration and inclusion in the Annual Report 2024 of CAB Cakaran Corporation Berhad.

F. Statement on Employee Share Option Scheme ("ESOS")

There was no such scheme in place during the financial year ended 30 September 2025.

WORK OF THE GROUP INTERNAL AUDIT DEPARTMENT

The primary role of the internal audit function is to undertake regular review of the system of internal controls, procedures and operations so as to provide reasonable assurance that the overall internal control system is sound, adequate and satisfactory. The Group Internal Audit Department reports directly to the AC.

The activities carried out by the internal auditors during the financial year ended 30 September 2025 were as follows:-

- Conducted internal audit sessions according to the approved internal audit plan and presented the reports to the AC at the quarterly meetings;
- Followed up on the implementation of audit recommendations and management action plans and reported to the AC on the status of their implementation of significant matters at the quarterly meetings of the AC;
- Furnished the AC updates on Conflict of Interest (COI) status, covering both actual and potential COI, among the directors and key senior management, in accordance with *Guidance on Conflict of Interest* (ICN 1/2023) of Bursa Securities, in every quarterly AC meeting except for the one in December 2024, which was meant for approving audited financial statement;
- Participated in activities related to corporate exercises, encompassing –
 - Conducting corporate reviews;
 - Handling migration of controls at acquired entity;
 - Coordinating activities at functional level to ensure sustainability of operations post-takeover; and

Independent Auditors' Report

To the Members of CAB CAKARAN CORPORATION BERHAD
(Incorporated in Malaysia) Registration No.: 200201015998 (583661 W)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of CAB Cakaran Corporation Berhad, which comprise the statements of financial position as of 30 September 2025 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including material accounting policies information as set out on pages 87 to 190.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 30 September 2025, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, IFRS Accounting Standards and the requirements of the Companies Act, 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matter

Key audit matter are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| Key Audit Matter | How our audit addressed the Key Audit Matter |
|--|---|
| Fair value on biological assets The value of livestock held as biological assets of the Group was RM134,351,229. The fair value of livestock was subject to poultry fluctuation. In addition, there was a high volume of livestock held at year end. We have identified the valuation of livestock as a key audit matter because of the significant judgement and estimates involved in applying the valuation method on the livestock. Specifically, we focused our audit efforts to determine whether the capitalisation of costs and standard in accordance with the Group's policy and ensure consistency with that of prior year. | We have obtained an understanding and tested the internal controls in respect of recording of purchase of broiler, breeders, feed and other consumables. We also have tested the capitalised cost as part of the valuation method which includes starter cost (Day-old-chick), cost of feed consumed and cost of other consumables and testing of amortisation of broiler and breeders in accordance with the Group's policy. We compared actual output and selling prices against assumptions to assess the accuracy of management's estimates. We also assessed the reasonableness of discount rate used to reflect the time value of money and the risk. Besides, we assessed the adequacy and appropriateness of the disclosures relating to the valuation methodology and estimation made in the financial statements. |

There is no key audit matter to be communicated for the Company.

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. As at the date of our report, except for the Directors' Report, the remaining other information has not been made available to us for our reading and accordingly we are unable to report in this regard.

However, if after reading the other information when available and we conclude there is a material misstatement therein, we will communicate same to the Directors of the Company and take appropriate action in accordance with approved standards on auditing in Malaysia and International Standards on Auditing.

Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, IFRS Accounting Standards and the requirements of the Companies Act, 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

Auditors' Responsibilities for the Audit of the Financial Statements (Cont'd)

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also (Cont'd):

- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, action taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 2016 in Malaysia, we report that the subsidiaries of which we have not acted as Auditors, are disclosed in Note 19 to the financial statements.

Other Matter

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act, 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

2. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRSs"), IFRS Accounting Standards and the requirements of the Companies Act, 2016 in Malaysia.

The financial statement of the Group and of the Company have been prepared under the historical cost convention except as disclosed in the material accounting policies below.

The preparation of financial statements in conformity with MFRSs and the Companies Act, 2016 requires the Directors to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. It also requires the Directors to exercise their judgments in the process of applying the Group's accounting policies. These estimates and judgments are based on Directors' best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 4 to the financial statements.

The financial statements are presented in Ringgit Malaysia ("RM") except when otherwise indicated.

2.1 Adoption of New Standards/Amendments/Improvements to MFRSs

At the beginning of the current financial year, the Group and the Company adopted new standards/amendments/improvements to MFRSs which are mandatory for the financial periods beginning on or after 1 January 2024.

Description

Amendments to MFRS 16 Leases - Lease Liability in a Sale and Leaseback

Amendments to MFRS 101 Presentation of Financial Statements - Non-current Liabilities with Covenants and Classification of Liabilities as Current or Non-current

Amendments to MFRS 107 Statement of Cash Flows and MFRS 7 Financial Instruments: Disclosures - Supplier Finance Arrangements

Initial application of the amendments/improvements to the standards did not have material impact to the financial statements.

2.2 Standards and Amendments Issued but Not Yet Effective

The new and amended standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Group's and of the Company's financial statements are disclosed below. The Group and the Company intend to adopt these new and amended standards and interpretations, if applicable, when they become effective in the respective financial period.

| Description | Effective date |
|---|-----------------------------------|
| Amendments to MFRS 121 The Effects of Changes in Foreign Exchange Rates - Lack of Exchangeability | 1 January 2025 |
| Amendments to MFRS 9 Financial Instruments and MFRS 7 Financial Instruments: Disclosures - Amendments to the Classification and Measurement of Financial Instruments | 1 January 2026 |
| Amendments to MFRS 1 First-time Adoption of Malaysian Financial Reporting Standards | 1 January 2026 |
| Amendments to MFRS 7 Financial Instruments: Disclosures | 1 January 2026 |
| Amendments to MFRS 9 Financial Instruments | 1 January 2026 |
| Amendments to MFRS 10 Consolidated Financial Statements | 1 January 2026 |
| Amendments to MFRS 107 Statement of Cash Flows | 1 January 2026 |
| Amendments to MFRS 9 Financial Instruments and MFRS 7 Financial Instruments: Disclosures - Contracts Referencing Nature-dependent Electricity | 1 January 2026 |
| MFRS 18 Presentation and Disclosure in Financial Statements | 1 January 2027 |
| MFRS 19 Subsidiaries without Public Accountability: Disclosures | 1 January 2027 |
| Amendments to MFRS 19 Subsidiaries without Public Accountability: Disclosures | 1 January 2027 |
| Amendments to MFRS 10 Consolidated Financial Statements and MFRS 128 Investments in Associates and Joint Ventures - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture | To be announced by the MASB Board |

The initial application of the accounting standards, interpretations and amendments are not expected to have any material financial impacts to the financial statements of the Group and of the Company upon their first adoption, except for:

MFRS 18 Presentation and Disclosure in Financial Statements

MFRS 18 Presentation and Disclosure in Financial Statements introduces three sets of new requirements to improve companies' reporting of financial performance:

- Improved comparability in the statement of profit or loss (income statement)
- Enhanced transparency of management-defined performance measures
- More useful grouping of information in the financial statements

MFRS 18 replaces MFRS 101 Presentation of Financial Statements. It carries forward many requirements from MFRS 101 unchanged. MFRS 18 is effective for annual reporting periods beginning on or after 1 January 2027, but companies can apply it earlier.

The Group and the Company are currently working to identify all impacts the amendments will have on the financial statements and notes to the financial statements.

3. MATERIAL ACCOUNTING POLICIES INFORMATION

Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the reporting date. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

The Group controls an investee if and only if the Group has all the following:-

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its investment with the investee; and
- The ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting rights of an investee, the Group considers the following in assessing whether or not the Group's voting rights in an investee are sufficient to give it power over the investee:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangements; and
- The Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the statements of comprehensive income from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- derecognises the assets (including goodwill) and liabilities of the subsidiary;
- derecognises the carrying amount of any non-controlling interests;
- derecognises the cumulative translation differences recorded in equity;
- recognises the fair value of the consideration received;
- recognises the fair value of any investment retained;
- recognises any surplus or deficit in profit or loss;
- reclassifies the parent's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

Acquisitions of subsidiaries are accounted for by applying the purchase method. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Adjustments to those fair values relating to previously held interests are treated as a revaluation and recognised in other comprehensive income.

The cost of a business combination is measured as the aggregate of the fair values, at the date of exchange, of the assets given, liabilities incurred or assumed, and equity instruments issued, plus any costs directly attributable to the business combination. Any excess of the cost of business combination over the Group's share in the net fair value of the acquired subsidiary's identifiable assets, liabilities and contingent liabilities is recorded as goodwill in the statements of financial position. The accounting policy for goodwill is set out in Note 3 to the financial statements. Any excess of the Group's share in the net fair value of the acquired subsidiary's identifiable assets, liabilities and contingent liabilities over the cost of business combination is recognised as income in profit or loss on the date of acquisition. When the Group acquires a business, embedded derivatives separated from the host contract by the acquiree are reassessed on acquisition unless the business combination results in a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required under the contract.

3. MATERIAL ACCOUNTING POLICIES INFORMATION (CONT'D)

Basis of Consolidation (Cont'd)

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see below), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed as at the acquisition date that, if known, would have affected the amounts recognised as at that date.

The measurement period is the period from the date of acquisition to the date the Group obtains complete information about facts and circumstances that existed as at the acquisition date and is subject to a maximum of one year.

Transactions with non-controlling interest

The Group treats transactions with non-controlling interests as transactions with equity owners of the Group. For purchases from non-controlling interests, the difference between any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gain or loss on disposal to non-controlling interests is recognised directly in equity.

Investment in subsidiaries

Investments in subsidiaries are measured in the Company's statement of financial position at cost less any impairment loss.

Goodwill

Goodwill arising in a business combination is recognised as an asset at the date that control is acquired (the acquisition date). Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition date amounts of the identifiable assets acquired and the liabilities assumed.

If, after reassessment, the net of the acquisition date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Goodwill is not amortised but is reviewed for impairment at least annually. For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is not reversed in a subsequent period.

On disposal of a subsidiary, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

Impairment of Goodwill

At the end of each reporting period, the carrying value of goodwill is tested for impairment by income approach (value-in-use). In the income approach, value-in-use is applied by estimating the discounted value of the sum of the expected future cash flows. If the carrying value of the cash-generating unit exceeds the higher of the value-in-use of the related assets and liabilities, an impairment of goodwill will be recognised in the profit or loss. Evaluations for impairment are impacted by estimates of future sales volume and selling prices of products, economic trends in the local and international construction sector and other factors. The result of these evaluations requires the Group to estimate the future cash flows expected to arise from the cash-generating units, constant growth rates and a suitable discount rate.

3. MATERIAL ACCOUNTING POLICIES INFORMATION (CONT'D)

Investments in an Associate and a Joint Venture

Investment in associate is measured in the Company's statement of financial position at cost less any impairment.

Investment in a joint venture is measured in the Company's statement of financial position at cost less any impairment.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to by the Group and the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group and the Company use valuation techniques that are appropriate in the circumstances and for which sufficient data are available, are used to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- | | | |
|---------|---|---|
| Level 1 | - | Quoted (unadjusted) market prices in active markets for identical assets or liabilities. |
| Level 2 | - | Valuation techniques for which the lowest level input that is significant to their fair value measurement is directly or indirectly observable. |
| Level 3 | - | Valuation techniques for which the lowest level input that is significant to their fair value measurement is unobservable. |

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group and the Company determine whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to their fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group and the Company have determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of fair value hierarchy as explained above.

Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

(a) Revenue from contract with customers

Revenue from contract with customers is recognised by reference to each distinct performance obligation promised in the contract with customer when or as the Group transfer control of the goods or services promised in a contract and the customer obtains control of the goods or services. Revenue from contracts with customers is measured at its transaction price, being the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, net of sales and service tax (if any), returns, rebates and discounts. Depending on the terms of the contract, revenue is recognised when the performance obligation is satisfied, which may be at a point in time or over time.

(b) Sales of chicken and other poultry products

Revenue from sales of chicken and other poultry related products are recognised net of discount and sales and services tax (if any) at the point in time when control of the goods has transferred to customer. Depending on the terms of the contract with the customer, control transfers either upon delivery of the goods to location specified by the customer and acceptance of the goods by the customer; or upon delivery of the chicken on board for onward delivery to the customers.

(c) Sales of poultry feed

Revenue from sales of poultry feed is recognised net of discount and sales and services tax (if any) at the point in time when control of the goods has transferred to customer. Revenue for sales of feed are recognised upon delivery of the goods to locations specified by the customer and acceptance of the goods by the customer which indicate the transfer of control.

(d) Rendering of services

Revenue from contracts with customers is recognised when control of the services is transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those services. The Group has generally concluded that it is the principal in its revenue arrangements because it typically controls the services before transferring them to the customer.

(e) Rental revenue

Rental income is accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

(f) Dividend revenue

Dividend revenue from investments is recognised when the shareholder's right to receive payment has been established.

(g) Interest income

Revenue is recognised as the interest income accrues, taking into account the effective yield on the assets.

(h) Other income

Management fee and other income are recognised on an accrual basis.

Leases

(a) Group as a lessee

(i) Right-of-use assets

(a) Recognition and measurement

The Group recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

(b) Depreciation

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

| | |
|--|---------------|
| Buildings | 1 - 30 years |
| Prepaid lease payments on leasehold land | 12 - 99 years |
| Lands and buildings | 1 - 30 years |
| Lands | 3 - 30 years |
| Market stalls | 2 & 6.5 years |
| Outlets | 3 years |
| Office equipment | 5 years |

If ownership of the leased asset transfers to the Group by the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

(ii) Lease Liabilities

(a) Lease and non-lease components

The Group applies the short-term lease recognition exemption to its short-term leases of hostels, premises, cold room, fowl house, motor vehicle and forklift (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of photocopiers and office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

(b) Recognition exemption

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. It assesses the lease classification of a sublease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Group applies the exemption described above, then it classifies the sublease as an operating lease.

3. MATERIAL ACCOUNTING POLICIES INFORMATION (CONT'D)

Government Grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the statements of financial position and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Property, Plant and Equipment

(a) Recognition and measurement

Freehold land and construction-in-progress are not depreciated.

All other property, plant and equipment are stated at cost less accumulated depreciation and impairment losses.

(b) Depreciation

Depreciation is recognised so as to write off the cost of assets (other than freehold land and construction-in-progress) less their residual values over their useful lives, using the straight-line method, on the following bases:

| | |
|----------------------------------|-----------|
| Buildings | 2% - 21% |
| Plant, machinery and equipment | 2% - 33% |
| Electrical installation | 10% & 50% |
| Office equipment | 5% - 33% |
| Furniture, fixtures and fittings | 10% - 33% |
| Motor vehicles | 10% - 20% |
| Renovation | 5% - 50% |
| Supermarket equipment | 10% & 33% |
| Warehouse | 10% |
| Workshop | 3% |

Assets held under hire purchase are depreciated over their expected useful lives on the same basis as owned assets or, where shorter, the term of the relevant lease.

Investment Properties

Investment properties are measured subsequently at fair value with any changes therein recognised in profit or loss for the period in which they arise.

Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses.

3. MATERIAL ACCOUNTING POLICIES INFORMATION (CONT'D)

Intangible Assets (Cont'd)

The estimated useful economic lives of intangible assets are as follows:

| | |
|------------------------------|----------|
| Distribution network | 15 years |
| Technical services agreement | 5 years |

The following are the main categories of intangible assets:

(a) Distribution network

Distribution network relates to relationship established by the subsidiary with the customers.

(b) Technical services agreement

Technical services agreement is a legal document that outline the scope of provision of technical services from drone service provider.

Bearer Plants

Bearer plants comprising of immature durian trees are stated at cost less accumulated depreciation and accumulated impairment losses.

Immature crops, including the cost incurred for procurement of new seeds and maintenance of nurseries, are carried at cost less any recognised impairment losses. Cost includes the cost of land preparation, new planting, fertilizing, maintenance of newly planted durian trees for a period of 8 years until maturity. Immature planted trees are reclassified to mature planted trees when they are commercially productive and available for harvest. Depreciation of bearer plants commence when they are ready for their intended use.

Costs incurred for infilling including block infilling are generally recognised in profit or loss unless there is a significant increase in the yield of the sections, in which case such costs are capitalised and depreciated over the remaining useful life of the respective fields.

Depreciation on bearer plants is recognised so as to write off its cost less residual values over useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Biological Assets

Biological assets comprising of breeders, broilers and hatching eggs are measured at fair value less cost to sell. Costs to sell includes the incremental selling costs, including estimated costs of transport but excludes finance costs and income taxes. The Group recognises a biological asset in its financial statements when, and only when the Group gains control over the asset as a result of past events, it is possible that the future economic benefits associated with the asset will flow to the Group, and when the fair value or cost of the asset can be measured reliably.

Purchases of livestock are directly expensed to profit or loss when incurred. Gains and losses arising on the initial recognition of biological assets at fair value less estimated point-of-sale costs and from a change in fair value less estimated point-of-sale costs are recognised in profit or loss in the period in which they arise.

3. MATERIAL ACCOUNTING POLICIES INFORMATION (CONT'D)

Biological Assets (Cont'd)

The following are further information on determining the fair value of each livestock.

(a) Breeders

The fair value of grandparent and parent breeding stock is determined using discounted cash flows model based on the expected number of day-old-chick produced, the estimated market selling price of day-old-chick, salvage value for old birds, mortality rates of the breeding stocks, feed costs and consumption rates, farm house, equipment rentals, and other estimated farming cost that will be incurred throughout the remaining life of the breeder.

(b) Broilers

Live broilers are measured at fair value less costs to sell based on the discounted cash flows model, taking into consideration the estimated market selling price of broilers, management judgement's mortality rate, estimated consumption rate, feed costs and other estimated farm costs that will be incurred until the point of sale, as well as transportation costs at the point of sale. The assessment of the fair value is based on the internally available data, which includes saleable weight and historical selling price of birds, costs incurred and mortality rates.

Most of the live broilers are transferred to the processing plant at fair value less estimated point-of-sale costs. These broilers are then further process when slaughtered. Once slaughtered, the biological assets are transferred to finished goods.

(c) Hatching eggs

The fair value of hatching eggs is determined using a discounted cash flows model based on internal hatchability ratio, the actual selling price of day-old-chick, actual hatchery cost incurred for hatching the eggs into day-old-chick, contributory asset charges for the hatcheries owned by the Group.

Inventories

Inventories are stated at the lower of cost and net realisable value.

Cost of raw materials and frozen food consists of the original purchase price and, where applicable, includes an appropriate portion of fixed and variable overhead expenses that have been incurred in bringing the inventories to their present location and condition. Cost is determined based on first-in, first-out method.

Cost of finished goods consists of cost of raw materials, direct labour and a proportion of production overheads. Cost is determined based on first-in, first-out method.

Goods-in-transit is stated at cost.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Deferred Tax

Where investment properties are carried at their fair value, the amount of deferred tax recognised is measured using the tax rates that would apply on sale of those assets at their carrying values at the reporting date unless the property is depreciable and is held with the objective to consume substantially all of the economic benefits embodied in the property over time, rather than through sale. In all other cases, the amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the asset and liabilities, using tax rates enacted or substantively enacted at the reporting date.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The following are the judgements made by the Directors in the process of applying the Group's and the Company's accounting policies that have the most significant effect on the amounts recognised in the financial statements.

(a) Critical Judgements in Applying the Group's and the Company's Accounting Policies

In the process of applying the Group's and the Company's accounting policies, the Directors are of the opinion that there are no instances of application of judgement which are expected to have a significant effect on the amounts recognised in the financial statements.

(i) Business model assessment

Classification and measurement of financial assets depends on the results of the solely payment of principal and interest ("SPPI") and the business model test. The Group and the Company determine the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group and the Company monitor financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's and the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets. No such changes were required during the years presented.

(ii) Significant increase in credit risk

Expected credit loss ("ECL") is measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. MFRS 9 *Financial Instruments* does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased the Group and the Company take into account qualitative and quantitative reasonable and supportable forward-looking information.

- Stage 1 assets are financial assets whose credit risk has not increased significantly since initial recognition or that have low credit risk at the reporting date.
- Stage 2 assets are financial assets whose credit risk has increased significantly since initial recognition.
- Stage 3 assets are financial assets that have objective evidence of impairment.

(iii) Determining the lease term of contracts with renewal and termination options - Group as lessee

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONT'D)

(b) Key Sources of Estimation Uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities of the Group and of the Company within the next financial year is discussed below.

(i) Impairment of property, plant and equipment, right-of-use assets and intangible assets other than goodwill

The Group and the Company carried out the impairment test based on the assessment of the fair value of the respective assets' or cash generating units' ("CGUs") fair value less costs to sell or based on the estimation of the value-in-use ("VIUs") of the CGUs to which the property, plant and equipment, right-of-use assets and intangible assets other than goodwill are allocated. Estimating the VIUs requires the Group and the Company to make an estimate of the expected future cash flows from the CGUs and also to choose a suitable discount rate in order to calculate the present value of those cash flows.

(ii) Revaluation of investment properties

The Group carries its investment properties at fair value, with changes in fair values being realised in the statements of profit or loss. The Group engaged an independent professional qualified valuer to determine its fair value as at 30 September 2025. The relevant valuation bases, are disclosed in Note 15 to the financial statements.

(iii) Impairment of goodwill

The Group determines whether goodwill is impaired at least on an annual basis. This requires an estimation of the VIU of the CGU to which the goodwill is allocated. Estimating a value-in-use amount requires management to make an estimate of the expected future cash flows from the CGU and also to choose the suitable discount rates and terminal growth rates in order to calculate the present value of those cash flows.

The carrying amount of goodwill of the Group as at 30 September 2025 was RM6,218,940 (2024: RM6,218,940). Further details are disclosed in Note 18 to the financial statements.

(iv) Impairment of investments in subsidiaries

The Company carried out the impairment test based on the assessment of the fair value less costs to sell of the investees' assets or CGU or based on the estimation of the VIU of the CGUs of the investees. Estimating the VIUs required the Company to make an estimate of the expected future cash flows from the CGUs and also to choose a suitable discount rate in order to calculate the present value of those cash flows. An impairment loss will be recognised if the carrying values of these CGUs are assessed to be in excess of their VIUs. Further details are disclosed in Note 19 to the financial statements.

(v) Fair value of biological assets

The Group's consumable biological assets are measured at fair value less point-of-sale costs. In measuring fair values of biological assets, management uses estimates of cash flows using inputs or assumptions of life to maturity, productivity quantity, mortality rate, selling prices of biological assets, variable costs and profit margins. The probability-weighted cash flows are discounted using an appropriate discount rate that reflects the time value of money and the risk. As prices in agricultural business are volatile, the actual cash flows and discount rate may not coincide with the estimates made and this may have a significant effect on the Group's financial position and results.

(vi) Provision for restoration costs

As part of the identification and measurement of right-of-use assets, the Group has recognised a provision for restoration costs. In determining the fair value of the provision, assumptions and estimates are made in relation to the expected cost to remove the facilities and restoring the premises.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONT'D)

(b) Key Sources of Estimation Uncertainty (Cont'd)

(vii) MFRS 16 Leases

The Group assesses at lease commencement by applying significant judgement whether it is reasonably certain to exercise the extension options. The Group considers all facts and circumstances including their past practice and any cost that will be incurred to change the asset if an option to extend is not taken, to help them determine the lease term.

The Group also applies judgement and assumptions in determining the incremental borrowing rate of the respective leases. The Group first determines the closest available borrowing rates before using significant judgement to determine the adjustments required to reflect the term, security, value or economic environment of the respective leases.

12. EARNINGS PER SHARE

Basic earnings per share

The net profit and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

| | The Group | |
|---|--------------|--------------|
| | 2025 | 2024 |
| Profit for the financial year attributable to owners of the Company (RM) | 90,651,976 | 75,467,122 |
| Weighted average number of ordinary shares for the purpose of basic earnings per share (unit) | 701,240,111 | 701,347,242 |
| Basic earnings per share (sen) | <u>12.93</u> | <u>10.76</u> |

Diluted earnings per share

The diluted earnings per share has been calculated by dividing the Group's profit attributable to owners of the Company for the financial year by the weighted average number of ordinary shares that would have been in issue assuming exercise of the remaining warrants, adjusted for the number of such ordinary shares that would have been issued at fair value:

| | The Group | |
|--|-------------|--------------|
| | 2025 | 2024 |
| Profit for the financial year attributable to owners of the Company (RM) | 90,651,976 | 75,467,122 |
| Weighted average number of ordinary shares for the purpose of basic earnings per share | 701,240,111 | 701,347,242 |
| Warrant shares deemed to be issued for no consideration | (5,864,342) | 25,363,055 |
| Weighted average number of ordinary shares used in the calculation of diluted earning per share (unit) | 695,375,769 | 726,710,297 |
| Basic earnings per share (sen) | <u>N/A</u> | <u>10.38</u> |

As of 30 September 2025, the effect of the assumed exercised of the outstanding Warrants of 233,781,206 units to ordinary shares would be anti-dilutive due to the market price of the ordinary shares is currently lower than the exercise price.

| | <u>115,439,000</u> | <u>116,756,000</u> |

The fair value of other investment properties of the Group as of 30 September 2025 have been arrived at on the basis of valuation carried out by the independent firms of professional valuers. These firms are registered under the Board of Valuer, Appraiser and Real Estate, and they have appropriate qualification and recent experience in the fair value measurement of properties in the relevant location.

The valuations were based on market value using comparison method of valuation, comparison and cost replacement methods of valuation and depreciated replacement cost approach of valuation.

Under the comparison method, properties' fair value is estimated based on comparable transactions. This method is categorised as Level 2 in the fair value hierarchy.

The comparison method of valuation entails separate valuations of the land and buildings to arrive at the market value of the subject property.

The land is valued by reference to transactions of similar lands in surrounding with adjustments made for differences in location, terrain, size and share of the land, tenure, title restrictions, if any and other relevant characteristics.

Completed buildings are valued by reference to the current estimates on constructional costs to erect equivalent buildings, taking into consideration of similar accommodation in terms of size, construction and profits. Appropriate adjustments are then made for the factors of age, obsolescence and existing physical condition of the building.

The land and buildings valued using this method is categorised as level 3 in the fair value hierarchy. The significant unobservable inputs for this category of assets are the replacement cost per square meter which is RM361 per square meter (2024: RM361 per square meter) for a farm house and worker quarter, RM262 per square meter to RM802 per square meter (2024: RM262 per square meter to RM713 per square meter) for shop houses, office buildings, warehouses and workshops. It is further depreciated at about 20% to 40% (2024: 20% to 40%) after taking into consideration the building condition and other relevant factors.

18. GOODWILL

| | The Group | |
|--|-----------|------|
| | 2025 | 2024 |
| | RM | RM |

| | | |
|---|-----------|-----------|
| At beginning and at end of financial year | 6,218,940 | 6,218,940 |
|---|-----------|-----------|

Goodwill acquired in a business combination is allocated, at acquisition, to the cash-generating unit that is expected to benefit from that business combination. The carrying amounts of goodwill have been allocated to the following business segments as independent cash-generating units:

| | The Group | |
|--|-----------|------|
| | 2025 | 2024 |
| | RM | RM |

| | | |
|--|------------------|------------------|
| Slaughtering, processing and marketing of poultry under Tong Huat Poultry Processing Factory Pte. Ltd. and its wholly-owned subsidiary, Ban Hong Poultry Pte. Ltd. | 4,548,812 | 4,548,812 |
| Poultry farming, trading in poultry and other related business under Jaya Gading Farm Sdn. Bhd. | 1,670,128 | 1,670,128 |
| | <u>6,218,940</u> | <u>6,218,940</u> |

The Group tests goodwill annually for impairment or more frequently if there are indications that goodwill might be impaired.

The recoverable amount of the cash-generating unit is determined based on the value in use. The value in use calculations is based on the discounted net cash projections based on financial budgets approved by management covering a period of 3 to 5 years (2024: 3 to 5 years) with an estimated growth rates range between 0% to 6.5% (2024: 0% to 5%) and a weighted average cost of capital of 8.08% to 8.15% (2024: 8.50% to 9.23%).

Cash flow projections during the budget period are based on the same expected gross margins and raw materials price inflation throughout the budget period. The Directors believe that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the cash-generating unit.

19. INTEREST IN SUBSIDIARIES (CONT'D)

The Group considers C&B Poultry Sdn. Bhd., Shin Hong Breeding Farm Sdn. Bhd. and Protheme Pte. Ltd. as subsidiaries as the Group has power to exercise control through a casting vote given to the Managing Director of the Company who is also the Chairman of the Board of Directors of the subsidiaries.

The Group considers Home Mart Southern Fresh & Frozen Sdn. Bhd. as a subsidiary due to majority of the Directors of this subsidiary were appointed by the Group.

| | The Company | |
|--------------------------|--------------------|--------------------|
| | 2025 | 2024 |
| | RM | RM |

| | <u>140,765,487</u> | <u>140,765,487</u> |

Movements of the allowance for impairment losses on interest in subsidiaries are as follow:

| | The Company | |
|--|-------------------|-------------------|
| | 2025 | 2024 |
| | RM | RM |
| At beginning of financial year | 34,964,002 | 52,725,461 |
| Impairment loss recognised during financial year | 1,000,000 | - |
| Amount written off due to struck off | - | (12,047,900) |
| Reversal of impairment loss for investment in subsidiaries | - | (3,690,461) |
| Amount written off due to disposal of partial interest in a subsidiary | - | (2,023,098) |
| At end of financial year | <u>35,964,002</u> | <u>34,964,002</u> |

During the financial year, an impairment loss of RM1,000,000 (2024: RMNil) is recognised as the recoverable amounts of certain investment in subsidiaries are assessed to be lower than their carrying amount. The recoverable amounts were determined based on fair value less costs of disposal of these subsidiaries.

Fair value less costs of disposal

The fair value less costs of disposal of the assets and liabilities is determined based on the adjusted net assets of these subsidiary companies.

The fair value measurement for the fair value less costs of disposal is categorised as a Level 3 fair value based on the management best estimates.

| Description of valuation technique and input used | Significant unobservable assets and liabilities | Relationship between significant unobservable inputs and fair value measurements |
|--|---|--|
| Adjusted net asset method which derives the fair value of the assets and liabilities | Fair value of individual assets and liabilities | The higher the net assets, the higher the fair value |

The reversal of impairment loss for investment in subsidiaries was provided if the estimated recoverable amount of the subsidiaries exceeds its carrying amount.

19. INTEREST IN SUBSIDIARIES (CONT'D)

On 13 October 2023, the Company has incorporated a new subsidiary company, Home Mart Southern Fresh & Frozen Sdn. Bhd. in Malaysia. The initial issued share capital of Home Mart Southern Fresh & Frozen Sdn. Bhd. was RM10, divided into 10 ordinary shares. The Company subscribed for the 5 ordinary shares by way of cash. Consequently, Home Mart Southern Fresh & Frozen Sdn. Bhd. became a 50% owned subsidiary of the Company.

On 13 December 2023, the wholly-owned subsidiary, CAB Marine Resources Sdn. Bhd., was struck off from the register and dissolved following the publication of the notice of striking off pursuant to Section 551(3) of the Companies Act, 2016 in the Gazette.

On 27 February 2024, the Company disposed of its entire equity interest of 1,000,000 ordinary shares, representing 100% equity interest in Southern Food and Groceries Supply Sdn. Bhd., for a cash consideration of RM30,000. The Company's wholly-owned subsidiary, CAB Cakaran Sdn. Bhd. acquired 50% of the disposal shares, while a 51% owned subsidiary, CAB Cakaran Southern Sdn. Bhd. acquired 25% of the disposal shares. The remaining 25% was acquired by another third party. Consequently, Southern Food and Groceries Supply Sdn. Bhd. became a 62.75% owned subsidiary of the Group.

On 6 November 2024, the wholly-owned subsidiary, Home Mart Fresh & Frozen Sdn. Bhd. increased its issued share capital from RM5,000,000 to RM6,000,000 by issuance of 1,000,000 new ordinary shares. The Company subscribed for the entire additional shares by way of cash. Accordingly, the Company's equity interest in Home Mart Fresh & Frozen Sdn. Bhd. remains unchanged.

On 14 August 2025, Kim Fa Foodstuffs Pte. Ltd., a 30.6% owned subsidiary of the Group was voluntarily wound up and dissolved. This has no material impact on the Group's financial statements.

22. DEFERRED TAX ASSETS/(LIABILITIES) (CONT'D)

Deferred tax balances are presented in the statements of financial position after appropriate offsetting as follows:

| | The Group | |
|--------------------------|---------------------|---------------------|
| | 2025 | 2024 |
| | RM | RM |
| Deferred tax assets | 183,000 | 220,600 |

| | <u>(61,639,078)</u> | <u>(59,172,951)</u> |

The tax effects of deductible temporary differences, unused tax losses and unused tax credits which would give rise to deferred tax assets are generally recognised to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. As of 30 September 2025, deferred tax assets have not been recognised in respect of the following gross amounts of temporary differences:

| | The Group | |
|-------------------------------------|--------------------|--------------------|
| | 2025 | 2024 |
| | RM | RM |
| Unused tax losses | 86,582,000 | 74,190,000 |

23. BIOLOGICAL ASSETS (CONT'D)

The fair value of biological assets was derived based on the management's estimates, assumptions and judgements. The unobservable inputs of biological assets are as following:

- expected number of day-old-chick produced by each type of breeder;
- expected hatchability of the hatching eggs;
- expected salvage value of breeders;
- expected selling price of each type of day-old-chick, broilers and colour birds;
- mortality rate of livestock;
- feed consumption rate and feed costs;
- discount rates; and
- other estimated costs to be incurred for the remaining life of the biological assets and at the point of sales.

The fair value of the Group biological assets is measured at fair value within Level 3 of the fair value hierarchy.

The following table shows the valuation technique used in the determination of fair values within Level 3, as well as the significant unobservable inputs used in the valuation mode.

| Description of valuation technique and input used | Significant unobservable inputs | Relationship between significant unobservable inputs and fair value measurements |
|--|---|--|
| Breeders | | |
| Discounted cash flows: The valuation method considers the projected quantity and price of day-old-chick to be produced over the life of the breeder, taking into account of expected growing cost and the breeder's mortality rate. | <ul style="list-style-type: none"> • Projected selling prices of day-old-chick based on management's estimate by reference to historical selling price adjusted for abnormal market movements; • Management's estimate of feed and other variable cost expected to incur throughout the life cycle. | <p>The higher the projected selling price, the higher the fair value.</p> <p>The higher the costs, the lower the fair value.</p> |
| Hatching eggs | | |
| Discounted cash flows: The valuation method considers price of day-old-chick, taking into account of expected hatchery cost and the hatching eggs' hatchability. | <ul style="list-style-type: none"> • Projected selling prices of day-old-chick based on management's estimate by reference to historical selling price adjusted for abnormal market movements; • Management's estimate of hatchery and other variable cost expected to incur throughout the hatching process. | <p>The higher the projected selling price, the higher the fair value.</p> <p>The higher the costs, the lower the fair value.</p> |

23. BIOLOGICAL ASSETS (CONT'D)

The following table shows the valuation technique used in the determination of fair values within Level 3, as well as the significant unobservable inputs used in the valuation mode (Cont'd).

| Description of valuation technique and input used | Significant unobservable inputs | Relationship between significant unobservable inputs and fair value measurements |
|---|---|--|
| Broilers and colour birds | | |
| Discounted cash flows: The valuation method considers the projected selling price and weight of the broilers and colour birds, taking into account the broilers and colour birds mortality rate. | <ul style="list-style-type: none"> Projected selling prices of broilers and colour birds based on management's estimate by reference to historical selling price adjusted for abnormal market movements; Management's estimate of feed and other variable cost expected to incur throughout the life cycle. | <p>The higher the projected selling price, the higher the fair value.</p> <p>The higher the costs, the lower the fair value.</p> |

29. SHARE CAPITAL (CONT'D)

WARRANTS

On 1 June 2023, the Company issued a total of 233,781,206 free Warrants to the shareholders pursuant to the Bonus issue of one (1) warrant for every three (3) existing ordinary shares in the Company. The Warrants were granted listing and quotation on the Main Market of Bursa Malaysia Securities Berhad on 7 June 2023.

The Warrants are constituted by a Deed Poll dated 12 May 2023 ("Deed Poll").

The silent features of the Warrants are as follows:

- (a) The issue date of the Warrants is 1 June 2023 and the expiry date is 31 May 2028. Any Warrants not exercised at the expiry date will lapse and cease to be valid for any purpose;
- (b) Each Warrant entitles the registered holder to subscribe for one (1) new ordinary share at any time during the exercise period at the exercise price, subject to the adjustments in accordance with the provisions of the Deed Poll;
- (c) RM0.63, being the amount payable in respect of each new ordinary share to which a registered holder is entitled to subscribe for upon exercise of the exercise rights represented by the Warrant involving such new ordinary share, or such exercise price as may be adjusted under the provisions of the Deed Poll;
- (d) The Warrant holders will not be entitled to any voting rights in any general meeting of the Company or to participate in any form of distribution other than on winding up, compromise or arrangement of the Company and/or offer of further securities in the Company until and unless the Warrant holders exercise their Warrants into new ordinary shares; and
- (e) The new ordinary shares to be issued upon exercise of the Warrants shall, upon allotment and issue, rank pari passu with the then existing ordinary shares, including the entitlement to dividends, rights, allotment or other distributions except that they will not be entitled to the rights, allotments or other distributions declared by the Company which entitlement thereof precedes the allotment date of the new ordinary shares allotted pursuant to the exercise of the Warrants.

As at 30 September 2025, no warrants have been converted into shares and the number of outstanding unexercised warrants are 233,781,206 (2024: 233,781,206).

41. FINANCIAL INSTRUMENTS

a. Capital Risk Management

The primary objectives of the Group's capital management are to ensure that it maintains healthy capital ratios in order to support its existing business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it, in the light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. There were no changes in the Group's approach to capital management during the year.

The capital structure of the Group consists of net debts (borrowings and lease liabilities as detailed in Notes 34 and 35, respectively offset by cash and bank balances) and equity of the Group (comprising share capital, reserves, retained earnings and non-controlling interests as detailed in Notes 29 to 32).

The gearing ratio at end of the reporting period is as follows:

| | The Group | |
|--|---------------|---------------|
| | 2025 | 2024 |
| | RM | RM |
| Debts ⁽ⁱ⁾ | 323,684,545 | 359,557,856 |
| Lease liabilities (Note 35) | 11,234,936 | 11,959,028 |
| Fixed deposits, cash and bank balances | (227,274,417) | (194,746,126) |
| Net debts | 107,645,064 | 176,770,758 |
| Equity ⁽ⁱⁱ⁾ | 959,964,672 | 860,806,474 |
| Net debt to equity ratio | 11% | 21% |

⁽ⁱ⁾ Debts are defined as short and long-term borrowings as disclosed in Note 34 to the financial statements.

⁽ⁱⁱ⁾ Equity includes share capital, reserves, retained earnings and non-controlling interests of the Group that are managed as capital.

Under the requirement of Bursa Securities' Practice Note No.17/2005, the Group is required to maintain consolidated shareholders' equity equal to or not less than 25% of the issued and paid-up capital (excluding treasury shares) and such shareholders' equity is not less than RM40 million. The Group has complied with this requirement.

41. FINANCIAL INSTRUMENTS (CONT'D)

c. Financial Risk Management

The operations of the Group are subject to various financial risks which include market risk (including foreign currency risk and interest rate risk), credit risk, liquidity risk and cash flow risk, in connection with its use or holding of financial instruments. The Group has adopted a financial risk management framework with the principal objective of effectively managing these risks and minimising any potential adverse effects on the financial performance of the Group.

i. Market Risk Management

The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates (see 41.c.ii. below) and interest rates (see 41.c.iii. below). The Group enters into a variety of derivative financial instruments to manage its exposure to foreign currency and interest rate risk including:

- cross currency swap arrangement to hedge the exchange rate risk arising on foreign currency purchases; and
- interest rate swap contract to mitigate the risk of rising interest rates.

ii. Foreign Currency Risk Management

The Group undertakes certain transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising foreign currency cross currency swap arrangement. The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the reporting date are as disclosed in Note 25 for trade and other receivables, Note 27 for short-term deposits with licensed banks, Note 28 for cash and bank balances, Note 34 for borrowings and Note 38 for trade and other payables.

Foreign currency risk sensitivity analysis

The Group is mainly exposed to United States Dollar ("USD"), Singapore Dollar ("SGD") and European Euro ("EUR").

The following table demonstrates the sensitivity of the Group's profit for the financial year and equity ranging from 4% to 10% (2024: 14%) strengthening/weakening of each currency respectively in USD, SGD and EUR against the respective functional currencies of the entities within the Group, with all other variables held constant.

c. Financial Risk Management (Cont'd)

ii. Foreign Currency Risk Management (Cont'd)

The above sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the year-end exposure does not reflect the exposure during the financial year.

iii. Interest Rate Risk Management

The Group is exposed to interest rate risk because entities in the Group borrow funds at fixed and floating interest rates. The risk is managed by the Group by maintaining an appropriate mix between fixed and floating rate borrowings, and by using interest rate swap contracts.

The significant interest-bearing financial assets are mainly fixed deposits and balances with licensed banks and they are not held for speculative purposes. The Group manages the interest rates of its fixed deposits and balances with licensed banks by placing them at the most competitive interest rates obtainable, which yield better returns than cash at bank.

The interest rate profile of the Group's significant interest-bearing financial liabilities are disclosed in the table below as follows:

| | The Group | |
|----------------------------------|--------------------|--------------------|
| | 2025 | 2024 |
| | RM | RM |
| Floating rate instruments | | |
| Long-term loans | 160,837,070 | 174,285,479 |

Interest rate risk sensitivity analysis

Sensitivity analysis for floating rate instruments

A change of 100 basis points in interest rates would have increased or decreased in equity and profit or loss of the Group by RM2,460,000 (2024: RM2,755,000). This analysis assumes that all other variables remain constant. The sensitivity analysis in the foregoing paragraph has been determined based on the exposure to interest rate risks at the reporting date.

c. Financial Risk Management (Cont'd)

iii. Interest Rate Risk Management (Cont'd)

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the end of the reporting period would not affect profit or loss.

iv. Credit Risk Management

Credit risk refers to the risk that a counter party will default on its contractual obligation resulting in financial loss to the Group and the Company. Credit risk arises from cash and cash equivalents, amount owing by subsidiaries, other receivables and refundable deposits as well as credit exposures primarily from outstanding trade receivables.

Trade receivables

Risk management objectives, policies and processes for managing the risk

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Normally credit evaluations are performed on customers requiring credit and certain financial guarantees given by shareholders or directors of customers are obtained.

At each reporting date, the Group assesses whether any of the trade receivables are credit impaired.

The gross carrying amounts of credit impaired trade receivables are written off (either partially or full) when there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. Nevertheless, trade receivables that are written off could still be subject to enforcement activities.

There are no significant changes as compared to previous financial year.

Exposure to credit risk, credit quality and collateral

As at the end of the reporting period, the maximum exposure to credit risk arising from trade receivables are represented by the carrying amounts in the statements of financial position.

Concentration of credit risk

The Group has no significant concentration of credit risk with its exposure spread over a large number of customers.

As at the end of the reporting period, the exposure of credit risk for trade receivables by geographic region was:

| | The Group | |
|----------|--------------------|--------------------|
| | 2025 RM | 2024 RM |
| Malaysia | 178,404,317 | 182,155,800 |

iv. Credit Risk Management (Cont'd)

Recognition and measurement of impairment loss

In managing credit risk of trade receivables, the Group manages its debtors and takes appropriate actions (including but not limited to legal actions) to recover long overdue balances. Generally, trade receivables will pay within 120 days. The Group's debt recovery process is as follows:

- (a) Above 120 days past due after credit term, the Group will start to initiate a structured debt recovery process which is monitored by the sales management team; and
- (b) Above 210 days past due, the Group will consider to commence a legal proceeding against the customer.

The Group always measures the loss allowance for trade receivables at an amount equal to lifetime ECL. The expected credit losses on trade receivables are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date.

Amounts Owing by Subsidiaries and Joint Venture

Risk management objectives, policies and processes for managing the risk

The Group and the Company undertake non-trade transactions, unsecured loans and advances to subsidiaries and joint venture. The Group and the Company monitor their results regularly.

Exposure to credit risk, credit quality and collateral

As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statements of financial position.

Loans and advances are only provided to subsidiaries and joint venture.

Recognition and measurement of impairment loss

As at the end of the reporting period, there was no indication that the intercompany balances are not recoverable.

Cash and Cash Equivalents

The cash and cash equivalents are held with banks. As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statements of financial position. These banks have low credit risks. Consequently, the Group and the Company are of the view that the loss allowance is not material and hence, it is not provided for.

Other Receivables and Refundable Deposits

Credit risks on other receivables and refundable deposits are mainly arising from deposits paid for plants, advances given to staffs, amounts receivable for management of outlet, display income receivable, transport charges receivable, scrap sales receivable, penalty to be reimbursed from former shareholders of subsidiaries and payment of expenses made on behalf by the Group which are unsecured, interest free and repayable on demand. At the end of the reporting period, the maximum exposure to credit risk is represented by the carrying amounts in the statements of financial position.

Financial Guarantees

The Company provides unsecured financial guarantees to third parties in respect of provision for services to subsidiaries. The Company monitors on an ongoing basis, the results of the subsidiaries and repayments made by the subsidiaries.

The maximum exposure to credit risk is amounting to RM823,670,414 (2024: RM864,035,774) which represents the outstanding amount as at reporting date. As at reporting date, there was no indication that the subsidiaries would default on repayments.

The Group and the Company practice prudent liquidity risk management to minimise the mismatch of financial assets and liabilities.

Analysis of financial instruments by remaining contractual maturities

The table below summarises the maturity profile of the Group's financial liabilities as at the reporting date based on undiscounted contractual obligations:

The Company

All financial liabilities of the Company are repayable on demand or due within one year from the end of the reporting period.

For financial guarantees, it was not probable that the counterparties to financial guarantees will claim under the contract. Consequently, the amount included is negligible.

The financial guarantee contracts are the maximum amounts of the Company could be forced to settle under the arrangement for the full guaranteed amount if that amount is claimed by the counterparty to the guarantee. Based on expectations at the end of the reporting period, the Company considers that it is more likely than not that such an amount will not be payable under the arrangement. However, this estimate is subject to change depending on the probability of the counterparty claiming under the guarantee which is a function of the likelihood that the financial receivables held by the counterparty which are guaranteed suffer credit losses.

vi. Cash Flow Risk

The Group and the Company review their cash flow position regularly to manage their exposure to fluctuations in future cash flows associated with their monetary financial instruments.

d. Cross-currency Interest Rate Swap

The Group enters into cross-currency interest rate swap contracts to exchange the principal payments of bank borrowings denominated in United States Dollar into Ringgit Malaysia to reduce the Group's exposure from adverse fluctuations in foreign currency.

The following table details cross-currency interest rate swap contracts outstanding as at the end of the reporting period:

The Group

| Outstanding contracts | Average exchange rate | Foreign currency | Contract value RM | Fair value RM |
|-----------------------|--------------------------|---------------------|-------------------------|---------------------|
|-----------------------|--------------------------|---------------------|-------------------------|---------------------|

2025:

e. Fair Value

The fair values of financial instruments refer to the amounts at which the instruments could be exchanged or settled between knowledgeable and willing parties in an arm's length transaction. Fair values have been arrived at based on prices quoted in an active, liquid market or estimated using certain valuation techniques such as discounted future cash flows based upon certain assumptions. Amounts derived from such methods and valuation techniques are inherently subjective and therefore do not necessarily reflect the amounts that would be received or paid in the event of immediate settlement of the instruments concerned.

On the basis of the amounts estimated from the methods and techniques as mentioned in the preceding paragraph, the carrying amount of the various financial assets and financial liabilities reflected on the statements of financial position approximate their fair values.

e. Fair Value (Cont'd)

The methodologies used in arriving at the fair values of the principal financial assets and financial liabilities of the Group and of the Company are as follows:

- **Fixed deposits, cash and bank balances, trade and other receivables, refundable deposits, intercompany indebtedness, trade and other payables, short-term borrowings and lease liabilities:**

The carrying amounts are considered to approximate the fair values as they are either within the normal credit terms or they have short-term maturity period.

- **Long-term borrowings and lease liabilities:**

The fair values of long-term borrowings and lease liabilities are determined by estimating future cash flows on a borrowing-by-borrowing basis, and discounting these future cash flows using an interest rate which takes into consideration the Group's incremental borrowing rate at year end for similar types of debt arrangements.

- **Derivative instruments:**

The fair values of cross currency interest rate swap contract were calculated using market prices that the Group would pay or receive to settle the related agreements.

i. Fair value measurements recognised in the statements of financial position

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

ii. Fair value of the Group's financial liability that is measured at fair value on a recurring basis

Some of the Group's financial liability is measured at fair value at the end of each reporting period. The following table gives information about how the fair values of this financial liability is determined (in particular, the valuation technique(s) and input used).

The Group

| Financial liability | 2025 RM | 2024 RM | Fair value hierarchy | Valuation technique(s) and key input(s) | Significant unobservable input(s) | Relationship of unobservable input(s) to fair value |
|--|------------|------------|-------------------------|---|---|--|
| Derivative other financial liability | | | | | | |
| Cross currency interest rate swap contract | 715,626 | 1,718,042 | Level 2 | The fair value of interest rate swap is based on banker quotes. Those reasonableness by discounting estimated future cash flows based on the terms and maturity of each contract and using market interest rates for a similar instrument at the measurement date | Bankers' interest rate | The higher the interest rate, the higher the fair value |

46. EVENTS DURING AND AFTER THE YEAR

On 28 February 2025, Home Mart Fresh & Frozen Sdn. Bhd., a wholly-owned subsidiary of the Company entered into a Sales and Purchase Agreement with Asiawe Land Sdn. Bhd. for the disposal of a piece of freehold land together with a double storey semi-permanent building for a total cash consideration of RM4,000,000.

On 31 July 2025, CAB Cakaran Sdn. Bhd., a wholly-owned subsidiary of the Company entered into a conditional Share Purchase Agreement with Cargill Holdings (Malaysia) Sdn. Bhd. for the acquisition of 9,185,000 ordinary shares in Cargill Feed Sdn. Bhd. ("CFSB"), representing 100% equity interest in CFSB for an initial consideration of RM231,000,000. Subsequently, the shareholders of the Company approved the acquisition of CFSB's shares at the Extraordinary General Meeting held on 5 November 2025. This transaction had been completed on 28 November 2025.

On 1 November 2017, the Company, had entered into a Joint Venture Agreement ("JVA") with PT Ternak Ayam Terpadu Indonesia ("PT") to establish several joint venture companies ("JV COs"). The objective of the joint venture is to combine the resources and expertise of both parties to produce halal poultry products for the Indonesian consumer market. On 3 November 2025, the JV partners have recently agreed to adopt a new 5-year business plan, beginning with phase 1 of the project. Phase 1 shall involve an estimated investment of USD10 million (approximately RM42,080,000) for the setting up of a food processing plant, excluding cost of land and factory building which will be leased, and is expected to be implemented in the second quarter of 2026. The Company shall have the option to increase its share percentage up to 30% in each of the JV COs within 5 years after the date of commencement of business. As at the date of this report, there is no any changes in the share percentage.

On 28 November 2025, the Company proposed a final single tier dividend of RM0.01 per ordinary share in respect of the current financial year. The proposed final dividend is subject to approval by the shareholders at the forthcoming Annual General Meeting of the Company and has not been included as liability in the financial statements. Upon approval by the shareholders, the cash dividend payment will be accounted for in equity as an appropriation of retained earnings during the financial year ending 30 September 2026.

Notice of Annual General Meeting (Cont'd)

9. PROPOSED RENEWAL OF THE EXISTING SHARE BUY-BACK AUTHORITY

Ordinary
Resolution 8

“That subject to the Act, provisions of the Company’s Constitution and the requirements of the Bursa Securities and other relevant governmental and regulatory authorities where such authority shall be necessary, the Board of Directors be authorised to purchase the Company’s shares through Bursa Securities, subject to the following:

- i. The maximum aggregate number of shares which may be purchased by the Company shall not exceed ten per centum (10%) of the total number of issued shares in the ordinary share capital of the Company at any point in time;
- ii. The maximum fund to be allocated by the Company for the purpose of purchasing the Company’s shares shall not exceed the retained profits of the Company. As at the latest financial year ended 30 September 2025, the audited retained profits of the Company stood at RM8,996,954.28;
- iii. The authority conferred by this resolution will be effective immediately upon the passing of this resolution and shall continue to be in force until the conclusion of the next AGM of the Company, at which time it shall lapse unless by ordinary resolution passed at that meeting, the authority is renewed either unconditionally or subject to conditions or the expiration of the period within which the next AGM is required by law to be held or unless revoked or varied by ordinary resolution passed by the shareholders in a general meeting, whichever occurs first;
- iv. Upon completion of the purchase(s) of the shares by the Company, the shares shall be dealt with in the following manner:
 - to cancel the shares so purchased; or
 - to retain the shares so purchased in treasury for distribution as dividend to the shareholders and/or resell on the market of the Bursa Securities or subsequently cancelled; or
 - retain part of the shares so purchased as treasury shares and cancel the remainder.

The Directors of the Company be and are hereby authorised to take all such steps as are necessary and entering into all other agreements, arrangements and guarantees with any party or parties to implement, finalise and give full effect to the aforesaid purchase with full powers to assent to any conditions, modifications, revaluation, variations and/or amendments, if any, as may be imposed by the relevant authorities from time to time to implement or to effect the purchase of its own shares with full powers to assent to any condition, modification, revaluation, variation and/or amendment (if any) as may be imposed by the relevant authorities and/or do such acts and things as the directors may deem fit and expedient in the best interest of the Company.

10. PROPOSED NEW AND RENEWAL OF SHAREHOLDERS’ MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING NATURE

Ordinary
Resolution 9

“THAT approval be and is hereby given to the Company and/or its subsidiaries (the “Group”) to enter into all arrangements and/or transactions as specified in Appendix I of the Circular to Shareholders of the Company dated 29 January 2026 (the “Circular”), involving the interests of directors, major shareholders or persons connected with such directors or major shareholders of the Company (“Related Parties”) as detailed in Appendix I of the Circular, provided that such arrangements and/or transactions are:-

- (i) recurrent transactions of a revenue or trading nature;
- (ii) necessary for day-to-day operations; and
- (iii) carried out in the ordinary course of business or the normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and not to be detriment of the minority shareholders of the Company.

(the “Shareholders’ Mandate”)

Notice of Annual General Meeting (Cont'd)

10. PROPOSED NEW AND RENEWAL OF SHAREHOLDERS' MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING NATURE (CONT'D)

THAT the Shareholders' Mandate shall take effect from this resolution and shall continue to be in force until:

- (a) the conclusion of the next AGM of the Company following the general meeting at which such Shareholders' Mandate was passed, at which time it will lapse, unless by a resolution passed at the meeting, the authority is renewed;
- (b) the expiration of the period within which the next AGM after the date it is required to be held pursuant to Section 340 (2) of the Act but shall not extend to such extension as may be allowed pursuant to Section 340 (4) of the Act; or
- (c) revoked or varied by resolution passed by the shareholders in general meeting,

whichever is earlier.

AND THAT the Directors of the Company be authorised to complete and do all such acts and things (including all such documents as may be required) as they may consider expedient or necessary to give effect to the Shareholders' Mandate."

11. RETENTION OF DATO' LIM GHIM CHAI AS INDEPENDENT NON-EXECUTIVE DIRECTOR

"THAT subject to the passing of the Ordinary Resolution 4 above, approval be and is hereby given to Dato' Lim Ghim Chai who has served as an Independent Non-Executive Director of the Company for a cumulative term of more than nine (9) years, to continue to act as an Independent Non-Executive Director of the Company until the conclusion of next AGM."

**Ordinary
Resolution 10**

12. To transact any other business of which due notice shall have been given in accordance with the Act and the Company's Constitution.

By Order of the Board,

WONG YEE LIN (MIA15898)

Date: 29 January 2026

Notes:

- 1. A member entitled to attend, speak and vote at this AGM is entitled to appoint not more than two (2) proxies to attend, speak and vote in his stead. A proxy may but need not be a member of the Company. There shall be no restriction as to the qualification of the proxy.
- 2. Where a member appoints two (2) proxies, the appointment shall be invalid unless the proportions of shareholdings to be represented by each proxy are specified.
- 3. Where a member of the Company is an exempt authorised nominee as defined under Securities Industry (Central Depositories) Act 1991 which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("**Omnibus Account**"), there shall be no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each Omnibus Account it holds.
- 4. The instrument appointing the proxy shall be in writing, executed by or on behalf of the appointor. In the case of a corporate member, the instrument appointing a proxy must be either under its common seal or under the hand of its officer or attorney duly authorised.

Notice of Annual General Meeting (Cont'd)

Notes: (Cont'd)

5. The instrument appointing a proxy must be deposited at the Registered Office, 51-8-A, Menara BHL, Jalan Sultan Ahmad Shah, 10050 George Town, Pulau Pinang not less than 24 hours before the time for holding the Meeting or any adjournments thereof PROVIDED that in the event the member(s) duly executes the Form of Proxy but does not name any proxy, such member(s) shall be deemed to have appointed the Chairman of the Meeting as his/their proxy. You may also submit the proxy appointment electronically via <https://www.registrar-braxton.com.my> before the proxy form submission cut-off time as mentioned in the above. For further information on the electronic submission of proxy form, kindly refer to the Administrative Guide for 24th AGM.
6. Last date and time for lodging the proxy form is on Tuesday, 24 March 2026 at 10.30 a.m.
7. For purpose of determining who shall be entitled to attend this meeting, the Company shall be requesting Bursa Malaysia Depository Sdn. Bhd. to make available to the Company pursuant to the Article 129 of the Company's Constitution and Paragraph 7.16(2) of the Main Market Listing Requirements of Bursa Securities, a Record of Depositors ("ROD") as at 18 March 2026 and only Depositors whose names appear on such ROD shall be entitled to attend, speak and vote at this meeting or appoint proxy to attend and/or speak and/or vote in his/her behalf.
8. All resolutions as set out in this notice of 24th AGM are to be voted by poll.

Explanatory Notes on Ordinary Business

Item 1 of the Agenda

To receive the Audited Financial Statements for the financial year ended 30 September 2025 and the Reports of the Directors and Auditors thereon.

This item is meant for discussion only as the provision of Section 340(1)(a) of the Act does not require shareholders' approval for the audited financial statements. Therefore, this item will not be put forward for voting.

Ordinary Resolution 2 - Directors' Fees

The proposed Ordinary Resolution 2, if passed, will authorise the payment of the Directors' fees up to the amount of RM975,000 for the financial year ending 30 September 2026.

Ordinary Resolution 3 - Directors' Benefits

The proposed Ordinary Resolution 3, if passed, will authorise the payment of the Directors' benefits up to an amount of RM150,000 from 25 March 2026 until the next AGM of the Company.

Explanatory Note on Special Business

Ordinary Resolution 7 – Authority to Allot and Issue Shares pursuant to Sections 75 and 76 of the Companies Act, 2016

The proposed Ordinary Resolution 7 is the renewal of the mandate obtained from the members at the last AGM (the "Mandate"), if passed, will give authority to the Directors to issue and allot shares up to 10% of the total number of issued shares of the Company at any time in their absolute discretion and that such authority shall continue in force until the conclusion of the next AGM of the Company or the expiration of the period within which the next AGM is required by law to be held or revoked/varied by resolution passed by the shareholders in general meeting whichever is the earlier.

The Mandate will provide flexibility to the Company for any possible fund raising activities, including but not limited to further placing of shares, for purpose of funding future investment project(s), working capital and/or acquisitions.

As at the date of this Notice, there were no new shares issued pursuant to the mandate granted to the Directors at the 23rd AGM held on 24 March 2025 and which will lapse at the conclusion of the 24th AGM.

Ordinary Resolution 8 – Proposed Renewal of the Existing Share Buy-Back Authority

The proposed Ordinary Resolution 8, if passed, will give the Directors of the Company authority to purchase its own shares up to ten per centum (10%) of the total number of issued shares of the Company. In order to avoid any delay and costs involved in convening a general meeting, it is thus appropriate to seek shareholders' approval. This authority, unless revoked or varied by the shareholders of the Company in general meeting, will expire at the conclusion of the next AGM. Please refer to the Part A of the Circular dated 29 January 2026 for further information.

Notice of Annual General Meeting (Cont'd)

Explanatory Note on Special Business (Cont'd)

Ordinary Resolution 9 – Proposed New and Renewal of Shareholders' Mandate ("Proposed Shareholders' Mandate")

The proposed Ordinary Resolution 9, if passed, will allow the Company and/or its subsidiaries to enter into recurrent related party transactions under the Proposed Shareholders' Mandate pursuant to the provisions of the Main Market Listing Requirements of Bursa Securities without the necessity to convene separate general meetings from time to time to seek shareholders' approval as and when such recurrent related party transactions occur. This would reduce substantial administrative time and expenses associated with the convening of such meetings without compromising the corporate objectives of the Group or affecting the business opportunities available to the Group. The Proposed Shareholders' Mandate is subject to renewal on an annual basis. Please refer to Part B of the Circular to Shareholders dated 29 January 2026 for further information.

Ordinary Resolution 10 - Continuing in office as an Independent Non-Executive Director

The Nomination Committee had assessed the independence of Dato' Lim Ghim Chai, who has served on the Board as an Independent Non-Executive Director of the Company for a cumulative term of more than nine (9) years and the Board has recommended that the approval of the shareholders be sought to re-appoint Dato' Lim Ghim Chai as an Independent Non-Executive Director based on the following justification:

- (i) He has met the criteria under the definition of Independent Director pursuant to Chapter 1 of the Bursa Malaysia Securities Berhad's Main Market Listing Requirements;
- (ii) He has vast experience in the various industries the Group is involved in and as such could provide the Board with a diverse set of experience, expertise and independent judgement;
- (iii) He consistently challenges management in an effective and constructive manner;
- (iv) He has good and thorough understanding of the main drivers of the business in a detailed manner;
- (v) He actively participates in Board deliberations and decision making in an objective manner; and
- (vi) He exercises due care in all undertakings of the Group and carries out his fiduciary duties in the interest of the Company and minority shareholders.

PERSONAL DATA POLICY

By submitting the duly executed Form of Proxy, the member and his/her proxy consent to the Company (and/or its agents/service providers) collecting, using and disclosing the personal data therein in accordance with the Personal Data Protection Act 2010, for the purpose of the AGM, and any adjournment thereof.

Statement Accompanying Notice of Annual General Meeting

(Pursuant to Paragraph 8.27(2) of the Listing Requirements of Bursa Malaysia Securities Berhad)

As at date of this notice, there are no individuals who are standing for election as Directors (excluding the above Directors who are standing for re-election) at this forthcoming AGM.

The Company will seek shareholders' approval on the general mandate for issue of securities in accordance with Paragraph 6.03(3) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad. Please refer to the proposed Ordinary Resolution 7 as stated in the Notice of AGM of the Company for the details.

Notice of Dividend Entitlement and Payment

NOTICE IS HEREBY GIVEN that a final single tier dividend of 1.00 sen per share for the financial year ended 30 September 2025, if approved, will be paid on 17 April 2026 to Depositors registered in the Record of Depositors at the close of business on 3 April 2026. A Depositor shall qualify for entitlement to the Dividend in respect of:

- a) shares transferred into the Depositor's Securities Account before 4.30 p.m. on 3 April 2026 in respect of transfers;
- b) shares bought on the Bursa Malaysia Securities Berhad ("Bursa Securities") on a cum entitlement basis according to the rules of Bursa Securities.
